Denby Will Make Plans Known Soon

U. S. to Take Action In Blockading of Port of Tampico

U. S. Bars Mexican Troops

Can't Cross Sod of Texas, Governor Says; Two Others Give O. K.

BULLETIN.
(By the Associated Press)

WASHINGTON—Indications that warships may be sent to protect American interests at the rebel-blockaded port of Tampico were strengthened today when it became known that Secty. Denby of the navy department would make an nouncement shortly on the subject. Pending issuance of his statement officials declined to talk.

BULLETIN
(By the Associated Press)

WASHINGTON — The situation in Mexico, complicated recently declaration of a revolutionist blockade at Tampico was considered by Pres. Coolidge and his advisers today at one of the longest cabinet sessions in recent months.

(By the Associated Press)

AUSTIN, Texas.—Permission to transport Mexican federal troops across Texas was refused today by acting Gov. T. W. Davidson, in a telegram to Sect'y. of State Hughes. Possibility of trouble with Mexican residents on the Texas border prompted the refusal the acting governor said.

(By the Associated Press)

WASHINGTON—A detachment of the Mexican army, carrying its arms and ammunition as baggage, will be permitted to pass from Naco, Ariz., to some point in Texas for entry into Mexico to oppose the revolutionists if the governor of Texas consents to this operation.

Authority to move the troops north of the border was sought by the Obregon government and transmitted to the governors of the states affected by the state department, which announced Thursday night that "this government looks favorably upon the request."

The governors of Arizona and New Mexico already have given their approval to the plan which contemplates transportation of the detachment "for service in regions in Mexico where American lives and interests are being threatened with grave danger by the forces in revolt against the Mexican government."

Arrest Mexican General In U. S.

NEW ORLEANS — Gen. Candido Aguilar, son-in-law of Gen. Venustiano Carranza and secretary of state in the Carranza cabinet, was arrested here at noon today by Department of Justice agents for alleged violation of the neutrality laws. Gen. Aguilar, who has been an exile in Cuba since Alvaro Obregon became president of Mexico, was taken into custody at the requests of officials in San Antonio. The specific nature of the charge was not known here.

Baraboo Reports 2 Cousins Born On The Same Day

BARABOO — Sons were born on the same day to two sisters, Mrs. Irving Palmer and Mrs. Harry Palmer. Irving Palmer, one father, is an uncle of the other father. Both families live in Fairfield, near here.

Rev. Barstow to Preach In City Sunday

New Pastor of First Congregational Church to Be Honored

The Rev. Robbins W. Barstow of Concord, N. H., who has accepted the call to the First Congregational church here, will preach here Sunday, it was announced Friday. He arrived in Madison Friday afternoon.

A reception for the Rev. and Mrs. Barstow and members of the congregation will be given in the church parlors, 4 to 6 o'clock Sunday afternoon. The Rev. and Mrs. Barstow will be entertained over the weekend at the home of Mr. and Mrs. Harry S. Manchester.

Novelist Offered Her All His Royalties If She'd Free Him, Claim

NEW YORK — With the charge that he offered her all his literary royalties if she would get a divorce so that he might marry a 21 year old girl, who, he held, was necessary to the proper inspiration for his writing, Mrs. Mary Arnold Lewisohn has sued Ludwig Lewisohn, novelist, short story writer, and dramatic critic for The Nation, for separation. Motion for alimony and counsel fees came up Thursday in Supreme court.

Mrs. Lewisohn names Miss Thelma Bowman Spear of Burlington, Vt., as the other woman, declaring she and Lewisohn became infatuated as a result of the latter's book, "Up Stream."

She further declares that some time ago she found her husband writing to Miss Spear. "I have now commemorated our love in golden prose. As soon as the novel is ready I shall raise such lurid hell here that she will be glad to get—"

The purported letter is interesting in that Lewisohn's latest book, published within the last few months, is "Don Juan: A Novel of Divorce." Whether it is the novel "commemorating our love," could not be learned today.

Mr. Lewisohn was formerly instructor of German at the University of Wisconsin. Arrangements were under way for some time by the Social Science club of the University to have Mr. Lewisohn lecture here during January, but plans were recently dropped.

Madison, Inc., to Have Inventory of Property

An inventory of all equipment, lands, and supplies owned by the city will be started soon, it was announced by E. F. Bunn city auditor, Friday. The council may be asked to grant authority for the work at its next meeting. No inventory has been made for five years. A special man of the auditor's department will be detailed to work with the heads and employes of departments.

Baker To Run On Dem. Ticket, His Ex-Secty. Says

(By the Associated Press)

ST. PETERSBURG, Fla.—Milton Young, formerly secretary to Newton D. Baker, when the latter was mayor of Cleveland, stated today that Baker will be a candidate for the democratic nomination for president.

But Newton Only Laughs.
(By the Associated Press)

CLEVELAND, O.—Newton D. Baker, former secretary of war, laughed when he read a dispatch from St. Petersburg, Fla., that he will be a candidate for the democratic nomination for president.

"Nothing is further from my thoughts than a candidacy for any political office," he said.

7 Delegates Legal Says State Ruling

Ekern Holds That Number Designated by National Committee Is Selected

Seven delegates-at-large from Wisconsin to the republican national convention will be elected on the regular ballot forms in the April primaries, under a ruling submitted to Secretary of State Fred R. Zimmerman today by Attorney General Herman L. Ekern. The attorney general declared that seven delegates can be elected on the regular ballots instead of four, as previously done, following an increased allotment to the state by the republican national committee.

The election of four delegates-at-large, as provided by the primary law, is "directory" only as to the number, the attorney general held.

"The delegates to the national convention of a political party are not state officers," the opinion declared. "The convention is a voluntary organization which makes its own rules and regulations. The convention may, and does, act as the sole judge of the credentials of the delegates. It has full power to prescribe the number of delegates. The state has no power to determine the number of delegates which the state may have in the national convention of a political party. If the authorized representatives of a political party provide for seven delegates-at-large, this is entirely within their province, and the only effect of the primary law is to provide the machinery for the selection of such delegates.

"In providing the method for electing the delegates at large, the legislature merely recognized the existing number and existing practice. The law providing for the election of delegates at a primary election clearly was designed to provide for the election of the necessary number of delegates specified and recognized by the party authorities. It was clearly not designed to impose a mandatory limitation on the number of delegates to be so elected.

"It is therefore, plain that the statute is directory merely as to the number of delegates to be so elected and that where the number of delegates at large to be elected for the state is increased to seven by the properly constituted authorities representing the party, the intent of the law is that seven delegates at large shall be elected, and that as used in Subsection 3 of Section 5.22 and in Subsection 6 of Section 5.24, and in the form of ballot prescribed by Section 5.24 for the purpose of the election of delegates to the republican national convention under the present call, the word 'four' should be read 'seven.'"

The attorney general concluded by advising the secretary of state to prepare sample ballots in form to instruct the electors to vote for seven delegates-at-large instead of four.

THIS IS THRIFT WEEK

"BUDGET DAY"

First Hand Letters About German Need Sought By Relief Drive Committee

Many Groups and Individuals Combine In Fund Campaign

Have you a friend, relative, or acquaintance experiencing the horrors of a winter in Germany, with food and fuel scarce or unobtainable, and thousands of children ill or dying as a result?

If you have, you can aid the campaign for the relief of German children which will be launched formally in Dane county next Sunday. Take, or send, the originals or copies of letters describing conditions in Germany, particularly those affecting children.

First-hand letters from Germany will go a long way toward bringing home to the people of Madison and the county the scenes of desolation pervading the country. The relief committee wants information that will be applicable to Madison. Address the Dane County Committee on Relief for German Children, Association of Commerce, 804 Cantwell building.

Ernest L. Mills, who has spent the last four years in Europe as the representative of the Federal council of Churches of Christ will speak at the massmeeting Sunday night. The meeting will open at 8 o'clock in the Central high school auditorium.

Every cent raised in the drive will be spent for food for children E. A. Fitzpatrick, chairman of the drive, announced Friday.

"Not one cent of the funds col-

Proceeds from two basketball games at the Y. M. C. A. Saturday night will be turned over to the relief committee. The admission charge will be 35 cents.

Prof. W. G. Rice, Jr., of the law school of the University of Wisconsin, will take charge of the drive among members of the law faculty members. The Rev. T. B. Johnson has accepted a place on the general drive committee.

Mabel Normand Collapses; Can't Attend Hearing

LOS ANGELES—Mabel Normand film actress, witness of the shooting of Courtland S. Dines, Denver oil man, New Year's night by her chauffeur, Horace A. Greer, was in a state of "complete nervous collapse" and was unable to attend Greers hearing in court here today, according to a certificate signed by her physician, Dr. Dudley Fulton.

Baltes Search Warrant Case Argued Today

Validity of Arrest on Information Is Being Tested

The case of George Baltes, Middleton farmer, which will decide the constitutionality of search warrants sworn out on "information and belief" and which is of primary importance both locally and throughout the state, was to be argued before the supreme court Friday afternon by J. E. Messerschmidt, assistant attorney general.

The charge of violation of the state dry law which was pressed against Baltes by state dry low enforcement officials after they alleged to have found a still and liquor on his farm last summer, was dismissed by Judge A. C. Hoppmann in superior court here last August.

Man Who Deserted One Wife to Marry Another, Wins Plea For His Two Children Here

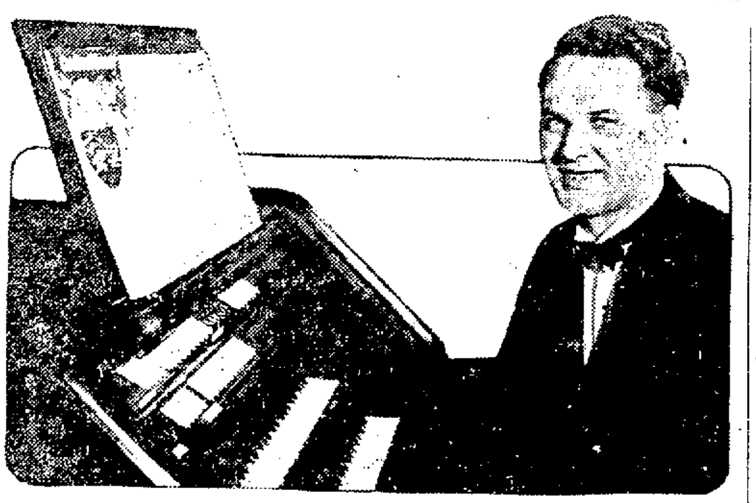
THE two infant children of Roy Spielman, Madison salesman who was arrested here on a statutory charge after authorities learned that he had deserted a wife in Illinois seven years ago and had gone through a marriage ceremony with a Madison girl, Pearl Schroeder, and had moved to this city. Under he name of Robert aBird will remain in the custody of their father unless further action is taken by the court, it was announced by Judge A. C. Hoppmann in superior court Thursday afternoon when he dismissed the charges against Spielman.

Following his action in dismissing the case Judge Hoppmann gave out this statement as explanation of the action:

"After a consultation between the district atorney, social workers who had worked on the case, and the court, in chambers, and in view of the refusal of Illinois authorities to prosecute the case, it was decided to dismiss the action and discharge the defendant."

Judge Hoppmann stated that because a common law marriage might be proved in view of the fact that Spielman and the mother of his two children had lived openly as man and wife, and the deserted wife in Illinois had in the meantime secured a divorce in 1920, no good could come of the prosecution here. The second wife died here last March. Spielman, if given the maximum sentence of one year in the Dane county jail, could secure partial freedom under the Huber law.

Writes "Roundy" Song



Carl Lagerquist at the Organ

A NEW song, "Roundy, The Sheik of Madison," has been written and set to music by Carl Lagerquist, organist at The Madison theater. It will be introduced to Madisonians Sunday afternoon.

The song dedicated to Joseph "Roundy" Coughlin, sport column conductor of The Capial Times, was written this week. Slides with the words of the song printed upon them have been prepared and will be shown on the screen introducing the piece.

The audiences may be asked to join in the chorus of the new song.

Mr. Lagerquist's inspiration came after he had lost a bet to "Roundy" concerning the freezing over of the Madison lakes. Can you guess what Mr. Lagerquist says in his song?

Teapot Dome Case Rocks Washington

Tangled Mass of Contradictory Evidence Confronts Investigators

Fall Center of Big Probe

A. B. Fall, Theodore Roosevelt and E. L. Doheny Also Involved

BULLETIN.
(By the Associated Press)

NEW ORLEANS—Albert B. Fall, former secretary of the interior, who is spending a few days in New Orleans, having arrived here Wednesday from Florida, replied briefly to an attack in the U. S. senate Wednesday by Sen. Caraway, Ark., denying charges of the senator that he had received any compensation from the Sinclair Oil interests in connection with the leasing of the Teapot Dome Oil reservation or that he had registered at a hotel in Palm Beach, Fla., under a different name during the congressional investigation of the oil lease.

"The investigating committee has been on the job for many months and has not produced a shred of evidence," Mr. Fall said.

WASHINGTON, D. C. — The shadow of a great scandal has fallen on the Republican administration.

It is the scandal of Teapot Dome and other U. S. navy oil reserves, the lease of which Albert B. Fall, formerly secretary of the interior, stands accused of having "sold for a corrupt consideration," reported to have been $100,000, to millionaire oil operators.

With Fall tangled in a mass of contradictory explanations of where he got the $100,000, and evading the senate investigating committee on the plea of illness, a storm is gathering which political weather prophets predict soon will break upon the heads of some of the leaders in the administration.

Accusations Jolt Capital

If the accusation of Fall and his confederates, voiced in the senate yesterday by Senator Caraway, Dem., Ark., following the production of suspicious circumstantial evidence, is substantiated official Washington will be shaken to its foundation.

The most serious aspect of the affair is that the government oil deposits Fall is accused of handing over while interior secretary to exploitation by private oil interests were the reserve fuel supply of the navy, which with the lessening output of other oil fields in years to come might prove of vital consequence to the nation and spell victory or defeat in war.

This scandal may outrun in significance the Ballinger affair in the Taft administration.

Full Authorized Lease.

The principal figures in leasing of naval oil reserves are:

ALBERT B. FALL of New Mexico, formerly U. S. senator, secretary of the interior in the first two years of the Harding administration, who brought about the transfer of the oil reserves from the navy to the interior department and authorized their lease to private interests.

EDWARD DENBY, secretary of the navy, who recommended to President Harding the transfer of the oil reserves to the interior department over the protest of Admiral Griffin, who has in charge of the reserves. Denby signed the lease with Fall.

HARRY F. SINCLAIR, big oil operator, who obtained the lease to the Teapot Dome reserve from Fall, his friend and later his attorney.

Doheny Obtained Grant.

EDWARD L. DOHENY, another big oil operator, who obtained the lease to the No. 1 reserve in California said to be ever more valuable than Teapot Dome. Doheny predicted he would make $100,000,000 profit out of this deal.

THEODORE ROOSEVELT, assistant secretary of the navy and formerly a director of the Sinclair Oil Co., who raised no objection to the disposition of the oil reserves which his father had been instrumental in establishing; his brother, Archie, is now an officer of the Sinclair company.

HARRY M. DAUGHERTY, attorney general and Personal friend of Sinclair, who at the request of Fall held up legal action which smoothed the way for the lease of the oil reserves and later informally approved the leases.

Attention is now centered on President Coolidge. The whole affair antedated his presidency, but the resulting situation, affecting the navy and the reputation of persons still prominent in his administration, remains for him to deal with. Will he insist on a complete disclosure of the transaction and the prosecution of the persons involved?

Speculation dwells on the possibility of the resignation of officials, voluntary or involuntary, as a result of the revelations. Further disclosures are promised of the intimate relations of Sinclair with officials of the administration.

Four Interesting Features In This Edition of The Capital Times

Four interesting feature articles are contained in this issue of The Capital Times.

1.—Be sure to read the one on "Handshaking" which appears on page one of the second section.

2.—Prof. Joseph Jastrow gave an unusually good talk Thursday night. Read the account of it on Page 3.

3.—C. E. Stewart, Bible student, declares world is coming to an end in 1925. Read what he has to say on Page 8.

4.—A complete list of the state bowling tournament prizes appears on the sport page.

Menorah In Debate; Free Thought Wins

Jewish University Advocates Carry Off Decision at Meeting

"We are damned if we do, we are damned if we don't, we are damned if we will or won't, therefore, so that we may not be damned forever, let us have our own university that we may have free thought and action," said Elizabeth Rabinoff '27, first speaker on the winning affirmative team of the debate given Wednesday evening at Lathrop hall under the auspices of the Menorah society.

The subject of the debate was, "Resolved:

That a Jewish university be established in America, endowed and governed by Jews, but open to all regardless of race, creed or color." Miss Rabinoff was assisted by Samuel Strauss '27.

"Universities should stress on practical bases and not on religion, whereas, in this day and age, practibility ranks first and religion comes next," said Julius Goldstein '27, of the negative team. Goldstein's argument was upheld by Clara Mabowehz '27.

Master Harry Pollock, opened and closed the program with several piano solos. Harold Laskey '24, presided at the meeting. A short business session was held before the members adjourned.

John Kelley Addresses Vernon County Farmers

VIROQUA, Wis.—John M. Kelley, Baraboo, advertising manager of circuses and well-known in Wisconsin dairy circles, was the principal speaker before the Vernon county Creamery association here Friday. Mr. Kelley urged cooperation among farmers and dairymen to the end that organized efforts in marketing dairy products bring to Wisconsin the full share of the credit that should accrue to the country's leading dairy state. Too many dairy products leave the state to be sold in other commonwealths without a Wisconsin label, he said. For a number of years, Mr. Kelley has turned his attention to the raising of purebred Holsteins on his farm near Baraboo.

"Inspiration Girl" of Wife Slayer Is Fined $100

MILWAUKEE. — Miss Florence Witmeyer, "inspiration girl" of E. Ray Tompkins, confessed wife-slayer, after she had tried in vain to prove that she had been the victim of an attack by Tompkins, late yesterday threw herself on the mercy of the court and admitted her illicit relations with the man and escaped with a fine of $100.

Mexico Negotiating for Loan of $100,000,000

MEXICO CITY. Negotiations are on foot for a loan of $100,000,000 to the Mexican government to be delivered in four installments of $25,000,000 each, the Excelsior stated.

Camera Is Crook's Foe

Property Owner Gives Authorities Valuable Aid By Photographs, Diagrams and Plans; Shoot From All Angles

(This is the third of a series of articles written for The Capital Times by L. M. Shearer, special investigator, Madison, discussing methods of crime detection and ways for the public to aid authorities.—Editor's Note.)

The value of photographs in criminal cases cannot be overestimated. The photographic plate records things as they were at the scene of a crime, and in that record will often be found the answer to many questions which will later arise. Don't be afraid to take pictures. Take them from several positions.

Things appear different from different points of view. If you remember a celebrated California case, you will remember that the photograph of a parade showing the time by a street clock was very important. Photographs are of value in arson cases to show two distinct and separate fires, in murder cases to show how the body lay before it was disturbed and are equally important in theft, robbery, forgery and in fact in all criminal cases. So, Mr. Property Owner, if you are going to help solve your trouble, get down the camera and shoot everything in sight. Shoot from all angles. You will get something on that plate which will be wanted on the investigation.

Diagrams, if carefully made to a scale, are valuable. It should be with exact measurements. Besides, if these measurements are full and in detail, you are very apt to record facts which at the time may not appear of value, but which in the light of subsequent developments may be very important.

In making diagrams:

Mark the points of the compass on the diagram.

Make all measurements yourself and call a reputable witness to watch you measure the distances.

Put in important objects only.

Make the diagram at once and on the ground.

Put nothing on the sheet but the diagram.

Mark objects in red ink by the letters A. B. C., etc.

Use separate sheet for full explanations.

Use a scale.

For a house plan: Use a scale say of ten feet to the inch. Make inside lines of each room, noting exact angles. Indicate the thickness of the walls. Indicate the doors and windows, giving exact dimensions, number of lights, and distances from corner of the room. Erect the walls of the room by continuing the outside lines, so that the diagram will appear as a box with the sides turned down flat. On the walls thus drawn show the location of all furniture, pictures etc. On the floor and walls thus indicated, mark blood spots or other marks important in the case. Follow the same plan in making a sketch of the entire house.

By the use of squared paper a very good map of the surroundings of buildings may be made, showing important locations, such as buildings, trees, gates, etc. When you come on the scene observe who is present, any peculiar conditions, tracks, property lying around which has been disturbed, get your camera, take pictures, make your diagrams, telephone for the investigating officer. Above all, keep everyone away from the premises and outside the buildings even if you have to stretch a rope around the property and guard it until help arrives.

Cassville Farmer Killed By Whirling Saw Blade

LIVINGSTON, Wis.—Casper Adrian, 48, Cassville farmer, was killed almost instantly Thursday when his clothing caught in the pulley belt of the saw and he was dragged helplessly into the path of the whirling blade. He is survived by his wife and three children.

Telephone Message Goes 14,000 Miles In Minute

COLUMBIA, Mo.—David Sarnoff, manager of the Radio Corporation of America, sent a message to Iwaki station, Japan, and received his answer by telephone, the message travelling 14,000 miles in one minute, 45 seconds.

Curtain Club Presents Play of Free Youth

"Fanny's First Play" to Be Staged Next Tuesday Night

By CHATTY

It is called one of the funniest plays by one of the cleverest satirists of the twentieth century; it's being put on in the auditorium of the Madison Central high school next Tuesday night at 8:15 o'clock; the producers and actors are members of the Curtain club; it's called "Fanny's First Play" and it's written by George Bernard Shaw.

That's the essence of the plot for Tuesday. Oh yes, we forgot; the ticket sale opens on the hill today.

Shaw, having established some reputation for himself in London dramatics thought he would like to play a game with the critics and the general public. So he wrote "Fanny's First Play" and had his producers put it on without his name attached to it in any way. It was half suspected that the piece came from Shaw's pen; it smacked of his wit and style and manner; but it was not known definitely for some time that it was the work of the Irish dramatist.

* * *

The play is especially adapted to production in a university town, for it deals with the new freedom of the young. The English youngsters led us of America by a few years in setting out after their "freedom." The play was produced for the first time in 1911 and it was just about then that Britain's youth went out burning the midnight oil and other things in search of freedom. So it is that students, who presumably are following along in the search of freedom, although some priggish oldsters think that they have pretty well found it already, should find "Fanny's First Play" highly entertaining.

The play incidentally takes a good many jibes at critics. With his characteristic independence, Shaw whanged away at the critics to his heart's content and then sat back and laughed at their reception of this anonymous production. It is a play within a play, as the title suggests.

For three years the Curtain club has been trying to find a suitable cast for the play. Several of the characters are especially difficult to cast, but this year the solution was found and the play is on.

The Curtain club, you may know, is an organization of faculty people who are interested in dramatics and think that a little competition may stimulate the Wisconsin players, not that the latter need stimulation. So most of the participants are men and women connected with the instructoral staff of the university. Two of them are graduates.

The cast is as follows: footman, J. R. Caldwell of the English department; Savoyard, Prof. R. W. West of the speech department; Count O'Dowda, Prof. Smiley Blanton of the speech department; Fanny, Mrs. Stanley M. Cleveland; Critics—Protter, Prof. Grant Showerman of the romance language department; Vaughn, Arthur Tapley of the English department; Gunn, C. E. Cason of the English department; Flawner Bannal, Prof. W. G. Rice of the Law school.

In Fanny's play the characters are: Mr. Gilby, Prof. E. H. Byrne of the history department; Mrs. Gilby, Mrs. Carl Russel Fish; Juggins, R. A. Young of the English department; Dora, Bertha Ochsner '19; Mrs. Knox, Mrs. Pitman Potter; Mr. Knox, Prof. Warner Taylor of the English department; Margaret Knox (their daughter), Mrs. J. G. Fowlkes; Lt. Duvallet, C. E. Fernberg, of the English department; Bobby Gilby, William Ross '18.

2 Badger Boy Scouts to Work Way to Copenhagen

RACINE, Wis.—Glenn McCaughey and Richard Sorenson, both Eagle scouts, will work their way across the Atlantic to be in attendance at the Boy Scouts international jamboree at Copenhagen, Denmark, Aug. 10 to 23. The lads will leave here July 1 and will ship on Lake vessels to Buffalo, thence to New York and on to Europe.

OSHKOSH—Andrew Nelson, 82 years old, a civil war veteran, died at the home of his son, Charles Nelson, [illegible] During the civil war he served [illegible] Company E, Thirty-second [illegible] The remains will be taken to Waupaca for burial on Friday.

Children Cry for

Fletcher's
CASTORIA

MOTHER:— Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, prepared for Infants and Children all ages.

To avoid imitations, always look for the signature of Chas H Fletcher
Proven directions on each package. Physicians everywhere recommend it.

The healthy look that
DR. CALDWELL'S
SYRUP PEPSIN
Gives is Natures Own

Ladies! This Beats Cosmetics

GOOD health cannot be camouflaged by powder and rouge. The eyes will tell. That sparkle and clearness that denote good health will not be there if you are constipated. Mrs. Clara Proctor of Pottersville, Mich., had been told by doctors she had this and that disease, and one advised an operation, but she knew she had been constipated all her life so first tried Dr. Caldwell's Syrup Pepsin. She avoided the operation and now feels better than she ever did. Likewise Mrs. William Appleton of Eddington, Pa., who was badly constipated and now looks her best again after using Syrup Pepsin.

On Sale for 30 Years

Intelligent women are realizing that health and mere outward complexion are two different things, and more and more are taking Dr. Caldwell's Syrup Pepsin. Over 10 million bottles were bought in drug stores last year, the largest selling liquid laxative in the world! Go to your druggist and buy a bottle. The cost is less than a cent a dose. You will see how much more effective a spoonful of Syrup Pepsin is than tablets, powders or pills, and without shock to the system.

Safe Family Laxative

Use it regularly a day before and a day after the periods. The gentle emptying of the bowels will give you relief, and lessen headaches and congestion. Take a spoonful at bed-time and see how much better you feel in the morning. It is a vegetable compound of Egyptian senna and pepsin with agreeable aromatics, and entirely safe not only for you but for the youngest child. Keep a bottle of Dr. Caldwell's Syrup Pepsin constantly in the home for you or some other member of the family may need it any moment to relieve constipation, to break up fevers and colds, to clear up biliousness, indigestion, a pimple, a fever sore and other disturbances that show constipation.

If You Want to Try It Free Before Buying
"Syrup Pepsin," 517 Washington St.,
Monticello, Illinois.

Do You Sleep Fast?

Nothing Is Important Enough to Wake a Sleeper, Says Prof. Jastrow; Declares Male's Intellect That of Boy

"NOTHING in the world is important enough to wake a person for," declared Prof. Jastrow, in detailing his discussion on fatigue, Thursday night in a lecture at the city Y. W. C. A.

"Some people sleep faster and sounder than others," he said. Highly nervous people often require sleep of less duration than normal persons, because they put the same energy into sleeping that they do into working, and thus sleep "faster."

"People with highly sensitive nerves require more sleep than those with even dispositions."

* * *

NATURE gave lessons in psychology long before man ever attempted to understand or to teach it, Prof. Jastrow declared.

"The present labor unrest is largely a problem of nerves, the problem of war and peace is only a problem of controlling our anger complex. In one sense, the world problems of the future may be met by a proper recognition and knowledge of the source of behavior," Prof. Jastrow declared.

"Through fear, people have been known to scale walls and to do other feats which they could not do under normal conditions. Every one has his own pet fear, some are afraid of being alone in the dark, others are afraid of little creatures, often mice. When people have this natural timidity or fear well under control, we call them prudent or cautious."

Prof. Jastrow went on to show how convention plays a large part in our behavior. A child's natural tendency is to shriek and make a great deal of noise under the stress of excitement, he said. and at a certain age boys stop this show of excitement, while girls keep on through collegeatleast. This means, he explained, that society doesn't expects girls to control this emotion as soon as boys.

"Good nature is one of the most valuable attributes of a person, because it is the largest contributor to happiness. There is a big difference between individuals. Some are temperamental and others have what we call character. Temperament is inherited, while character is acquired, so the only way to secure the proper temperament is to be careful in the selection of your grandparents," he said.

"Anger and fear are the two greatest emotions that man must fight," Dr. Jastrow declared. "Anger is a form of hysteria and women have this problem to a greater degree than men, because men have other outlets for their anger."

* * *

WE have injected too much morality into our behavior, Prof. Jastrow stated.

By nature we are not moral; we are made so by society. A child is not naughty; he is just inconvenient to adults. The so-called naughtiness of a child is not a question of morality, but it is often inconvenient to adults to have a child act in its natural way, he said.

"The child's preference for dirty hands is only natural," he said. "Morality only enters in when a thing is not good for a child."

* * *

THE average intelligence of a male citizen in the United States is that of a 13-year-old boy. Our minds were meant for the less strenuous life of a cave-man, or an individual of the same mentality as an African savage today. As soon as we begin to specialize in any one line of thought, and begin to cultivate our intelligence, we lose in disposition, become more irritable, our nerves grow more sensitive, and we become more quickly over-balanced. That is the price one pays for being intelligent.

Prof. Potter to Discuss Bok Plan for Peace

International questions, the race question and industrial problems will feature the program of the Wesley forum until the spring recess. Prof. P. B. Potter of the political science department will speak on the Bok peace award as a practical method for obtaining worldwide peace, at 7 o'clock Sunday evening at the Wesley foundation.

Next Sunday the discussion will be continued, with special emphasis on the relative value of preparedness and pacifism in relation to peace. There will be an open discussion for all students.

Other speakers who will address the Wesley forum next semester include Prof. D. D. Lescohier, Prof. C. G. Dittmer and Attorney Frank Hall of Madison. Arrangements also are being made to secure Dr. J. R. Denyes, who has lived in the Orient for 20 years, for an address on political, industrial and religious conditions in the Far East.

MANITOWOC—Sale of Christmas seals during the recent holidays totaled $1,550, an increase of $200 over a year ago. Half the amount is retained here for local work.

Man Protesting Innocence Is Shot By Squad

Utah Slayer Calm at Death; Iowa Negro Hanged; Rope Breaks

(By the Associated Press)

SALT LAKE CITY, Utah.—Omer R. Wods, convicted wife murderer, was executed by a firing squad at the Utah state prison here this morning. He met death calmly and protested his innocence to the end.

Negro Slayer Is Hanged.

(By the Associated Press)

FORT MADISON, Ia.—Roy Maupin, negro, was hanged today for the murder of Joe Hayes, Carney, Ia. As the trap was sprung and Maupin dropped, the rope broke midway between the noose and the knot which fastened it to the gallows, and the body fell to the ground. Warden T. P. Hollowell found that Maupin's neck was broken by the fall. He was pronounced dead 15 minutes after the trap was sprung.

Director Speaks to Home Economic Girls

That the home economic course is preserving the home spirit in the lives of the generation, and that it is not only teaching girls how to cook, how to sew, and how to manage a house, but also helping them form the high ideals which make for a better and fuller life were the statements made by Miss Abby L. Marlatt, director of the home economic department, in a lecture given yesterday afternoon in the home economic building.

"There is only one excuse for teaching as a vocation, and that is that you want to do it so much people have to hold you back," Miss Marlatt said.

Only 18 answers have been received so far from the questionnaires being sent out to all girls who have graduated from the department since 1911, but it is evident from the answers that women who have trained in home economics are fitted for many vocations.

Costume designing, child welfare work, dietician, directors of halls and commons, extension work, health specialists, hotel, managers, interior decorators, newspaper and magazine physicians, public lecturers and demonstrators, reconstruction aid in sanitoriums, and research work are just some of the occupations that girls taking the home economics course may enter. Other occupations they are fitted to follow are: bacteriologists, bank consultants, buyers for department stores, and cafeteria and tea room managers. Wisconsin has women representatives in practically all of these vocation, women who are making good intellectually and financially.

Schneider Buys Hoffman Regent Street Market

George L. Schneider, formerly employed with John Jordan's meat market in Wingra Park, has purchased the meat market fixtures of the F. J. Hoffman store at 2136 Regent st. The grocery department of the store will be taken by the Universal Grocery co., which makes their fourteenth store in Madison. Mr. Hoffman may take up farming.

SUPERIOR—Daniel Geary, father of Miss Grace Geary, superintendent of Superior public schools, died on Sunday at the home of his daughter at the age of 80 years. He was one of the few remaining pioneers of the west and was well acquainted with many of the characters that Emerson Hough immortalized in his book, "The Covered Wagon." The body was shipped to Kansas City for burial. He was the first clerk of that city.

Clean Kidneys By Drinking Lots Of Water

Take Salts to Flush Kidneys If Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and leman juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.—Adv.

Prof. Snow Gives Famous Lecture Before Rotary Club

Prof. Benjamin W. Snow gave his snow flake lecture at a meeting of the Rotary club last night in the Park hotel.

Professor Snow explained how he became interested in the study of snowflakes many years ago. Every year he has added to his information on this natural phenomenon and is now considered an authority on it.

Most of the slides used in illustrating the lecture were prepared from photographs taken in Vermont. The snow in that part of the country is much better adapted to this use than the snow here in Wisconsin, Snow explained.

Professor Snow has been collaborating with Mr. Bentley in Vermont for 20 years in delving into the mysteries of nature's winter crystals.

Three-State Congress Will Discuss Taxes

Forestry Conservation Problems to Be Discussed Also

Forest conservation and taxation will be the central topics for consideration before a meeting of the Tri-State Development Congress at Duluth, Minn., Jan. 24 and 25, according to the program announced here Friday.

Leaders of the organization in Minnesota, Wisconsin and Michigan the states composing the congress, will take part in the convention. Headline speakers include Gov. A. J. O. Preus of Minnesota; John S. Blodgott, Washington, of the National Lumber Manufacturers' association; Dr. Richard T. Ely, economist of the University of Wisconsin; and Dr. R. S. Shaw, acting president Michigan Agricultural college, Lansing, Mich.

On Jan. 24 at the afternoon session, Prof. H. L. Russell of Madison, will preside.

The closing session, Jan. 25, will be devoted to discussion of transportation problems. Dean Russell, J. D. Jones, Jr., commissioner of agriculture; and Fred Holmes, of Madison, are Wisconsin members of the executive committee of the congress.

Blaine and Institution Chiefs In Conference

John J. Blaine was in conference Friday with heads of ten state institutions, considering plans for the future architectural policy of the state institutions. Members of the board of control and representatives from the state engineering department also were in the conference.

The conference was called to consider proposed changes in the construction of buildings at the charitable institutions. Those attending the conference included: Dr. J. T. Hooper, Janesville; T. Emery Bray, Delavan; C. D. Lehman, Sparta; Dr. Adin Sherman and Miss Mary Berry, Milwaukee; H. E. Philip, Waukesha, A. O. Beier, Chippewa Falls; F. L. Drake and Dr. W. F. Lorenz.

Three Chimney Fires are Extinguished Over Night

Three chimney fires were extinguished by the local firemen Thursday night, was at the residence of Gustave Haalk, 836 E. Dayton st., and was extinguished by firemen from Central station. The other two alarms were answered by No. 4 station, and were at the home of H. S. Stadler, 312 N. Mills st., at 8:13 Thursday night, and at 102 S. Mills st., at 7:03 Friday moring. The latter residence is said to be owned by Henry Schmeltzer and occupied by L. P. Hanson.

Congregational Club to Hold Banquet Tuesday

A second banquet will be given members of the Wisconsin Congregation club at Plymouth Congregational church at 6:30 Tuesday night. Community singing, a vocal solo by the Rev. A. B. Bell of Elkhorn, and an address by the Rev. Harry P. Dewey, Minneapolis, Minn., are features of the program.

IS CHAMPION HOUSE CLEANER

"Your medicine is certainly the greatest cleaner I ever saw. I never thought such stuff could be in a human being. I am feeling ten years younger since taking the course of Mayr's Wonderful Remedy, and am telling everybody it is the champion house cleaner. My bloating in stomach and pains are all gone and I can eat anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. —Adv.

Team Goes to La Crosse

Members of the Central high school debating team which will uphold the negative side of the question: "Resolved, that congress should enact a law embodying the essential provisions of the Huber unemployment insurance bill, constitutionally conceded," will leave Madison Saturday morning for La Crosse to debate.

From left to right the members are: John Parkinson, Marcella Eirman and Robert Larkin.

The team is well qualified to represent the school since all have had ample experience in debates that have taken place at the school. Mr. Parkinson, besides being an interclub debator is at present the president of Forum, one of Central's boys' debating clubs. He also served on one of the interscholastic debating teams two years ago. Miss Eierman is a prominent member of G. D. C. and has held several student offices. Mr. Larkin has also taken active parts in debates and is a member of "Lit," a boys' debating club.

W. E. Walker, assistant principal of Central high, is general chairman of the debate against Baraboo which will take place in the school auditorium, Saturday, at 7:30. udges for the contest are: A. C. Reis, assistant attorney general of Wisconsin; Prof. John Barnes, department of speech, University of Wisconsin, and Mr. Charles Templer, department of speech, Kansas Wesleyan university.

S. G. A. Greets Real Winter Weather By Sleigh Ride Party

The Self Government association is taking advantage of the real winter weather to give a sleigh ride party tonight after the regular Friday night party. Three sleighs have been hired and will accommodate approximately 60 women. Mah Jong will also be played at three tables at the party earlier in the evening with the new sets which S. G. A. has purchased. There will be no charge for any of the entertainment and every woman in the university is invited to come.

Hiram Johnson Opens His Campaign In Michigan

DETROIT, Mich.—Hiram Johnson, U. S. Senator from California, arrived in Detroit Friday to open his campaign for the Republican presidential nomination in the state that four years ago cast its preferential primary vote for him. Close friends and political followers met the California senator on his arrival. He will be the guest of the Union League club tonight, preceding his address at the armory.

Officials Will Discuss Future Water Wells

Discussion of the method of procedure in establishing a schedule for future drilling of artesian wells and development of Madison's water system will be held at a joint meeting of the board of water commissioners and the special council water committee Friday night. Construction of a large reservoir and opening of a new well field on the West Side will form the major portion of the discussion.

Childrens' School Head Speaks Here On Friday

Miss Elsie Wygant of the Francis W. Parker school, Chicago, will speak on "The Social Motive in School Work." Friday night at 8 p. m. in Music hall. A motion picture of the Parker School toy shop in which pupils made Christmas toys, will be shown. The Parker school is recognized as one of the leading institutions for the development of the children in the country.

Church Will Hold Series of Revival Services Here

A special series of revival services will be held by the Reorganized Church of Jesus Christ at the church 2119 Jackson st., Fair Oaks. The services will begin Tuesday, Jan. 22 at 7:30 p. m. The services will be conducted by Mr. and Mrs. Ward L. Christy, Chicago.

Castalia Presents 'Suppressed Desires' At Regular Meeting

"Suppressed Desires," a comedy of psycho-analysis, in two scenes will be presented at 7 o'clock tonight at the regular meeting of Castalia literary society in the S. G. A. room, Lathrop hall. Parts of the play will be read by Mildred Rooney '24, Mildred Redeman '24, and Carrie Rasmussen '25.

New pins have been designed for the organization, in the form of the lamp of wisdom, symbolic of the ritual of Castalia. Plans for the celebration of the sixtieth anniversary of the founding of the society will be discussed.

Norwegian King Knights Three Minneapolis Men

CHRISTIANA, Norway—King Haakon has bestowed upon Olaf B[illegible], vice-president of the Norwegian Lutheran Seminary of St. Paul, Minn., the degree of commander of the Royal order of Saint Olaf, it was announced Friday. The degree of Knigh of the same order has been accorded C. I. Hansen, editor of the Minneapolis Tidende, and Anders Sundheim, Minneapolis.

Rumor England Awaits U. S. Mexican Approval

LONDON—England will recognize Mexico only after the United States has accorded full recognition to that country, it is declared in authoritative quarters here. The present government, it is said, has no intention of sending a confidential agent nor any other representative overseas to discuss this question, as reports from the other side have suggested.

Ada Bird Club Arranges Social Night Program

The Ada Bird club will hold a social meeting Wednesday, Jan. 23. An interesting program of pantomimes, readings, dancing, and games has been arranged.

Sauk County Refuses $31 Claim of Madison Hospital

A claim of $31.25 presented the Sauk county board of supervisors at its January session by the Madison quarantine hospital was not allowed. Board members said the service rendered was not authorized.

Prof. Fish Speaks at Social Science Meeting

Prof. Carl Russell Fish will speak at the next meeting of the Social Science club to be held in Lathrop hall, Jan. 18, at 7:30 p. m. An election of officers will precede the talk.

U. W. Faculty Gives Musical Entertainment

Misses Lockwood, Holst, and Leland Coon In Recital

In a well balanced and artistic program presented Thursday night in Music hall, Louise Lockwood, pianist, and Signe Holst, contralto, assisted by Leland A. Coon, accompanist, all members of the faculty of the university school of music, furnished an evening of music possessing rare artistic merit.

Miss Lockwood, in choosing for her numbers Schumann's Carnaval and the Mephisto Waltz by Liszt, as well as Schumann's Romance and Liszt's concerto Etude in D flat major, set herself a most exacting task of which, however, she proved herself more than capable. Her playing throughout was marked by extreme vigor, fluency, clearly balanced melyodic lines, combined with a polished interpretation which clearly showed the traces of thorough continental training. Even the most difficult passages she flung off with a verve and abandon which denoted thorough preparation and ultimate ease.

Miss Holst disclosed a voice of richness and beauty which she used to advantage in English, Italian, French and Danish songs. Perhaps the latter were unusually well received, not only because of their intrinsic beauty, but for the fact that they are little known to American audiences. In her final group of American songs, she displayed quite a bit of feeling and effective color balance. Mr. Coon proved himself an excellent accompanist. His work at all times was marked by delicacy and artistic subordination. His work in the group of American songs was particularly meritorious.

Regulate Burners

Oil Committee Will Recommend New Law To Council At Next Meet

An ordinance regulating the installation of crude oil burners for heating purposes will be recommended to the city council at its next meeting by the special council oil committee following a public hearing on this matter held at the city hall Thursday night. Action on the ordinance regulating bulk storage of gasoline but this matter was postponed as the measure has not been returned from the ordinance committee files to which it has been referred.

The ordinance is a copy of the code drafted by the National Fire Protection association and adopted by the National Fire Underwriters. A permit must be obtained for all new installations and they must be inspected by the building commissioner's office. Operation is limited to only such times as there is a competent person in the building. The plant cannot be left to operate automatically when the building is vacated. Storage tanks can only be placed above ground in the "G" and "H" industrial districts. All other tanks must be buried three feet below the surface except where a concrete slab six inches thick is placed over them. Intakes must be outside of the building. A fine of not less than $1 or more than $100 is fixed as a penalty for each violation.

Home-Ecs Girls Will Manage Practice Home

Four days of actual housekeeping planning meals, cooking, washing dishes, sweeping, dusting, hanging curtains, is part of the home economics course in which each senior has an opportunity to put to practical use the knowledge she has learned during her four years in the university.

"For 12 years the girls have gone away from home economics practice cottage enthusiastic about keeping house," declared Miss Bernice Dodge, assistant professor of home economics, who with her mother lives in the cottage and oversees the work.

"Every four or five days, a new group of four girls moves in and lives here, taking full charge of everything. Each day the girls have a different task. There is the cook and assistant who do the marketing and prepare and serve the meals. The girls vary the meals in order to have the experience of being hostess at a formal dinner and of pouring tea informally in the afternoon. The housekeeper and her assistant keep the house tidy, answer the phone, arrange the furniture to suit their taste, and do all the miscellaneous duties of a housewife. They do this in addition to their regular school work.

"It costs about fifteen to eighteen cents per meal per person," said Miss Dodge. "Of course we do not have the most elaborate menus, but we do have plenty of everything prepared in an attractive, simple manner. An electric dish washing machine, an electric washing machine, and a simplex mangle are in this model house to lighten the work of the housewife.

Sachtjen School Mothers Hold Card Party Friday

The Sachtjen School Mother's club, Pleasant Grove, will hold a card party at the schoolhouse Friday night. It will be an open meeting which the public may attend.

Baby Daughter Brought to Inspector's Home

A baby daughter was born to Mr. and Mrs. Floyd C. Rath, 1045 E. Gorham st., Thursday night. Mr. Rath is city dairy and food inspector.

HIGHLAND—George Shemak, farmer, was seriously injured when a truck load of hogs tipped over, pinning him underneath. A neighbor released him and saved him from freezing to death.

Ladies and Gentlemen

We had a very successful sale, as far as sales go. We unloaded a great many goods. But unfortunately it is generally the case that odds and ends accumulate during a sale, it proved to be no exception to the rule, as we have quite a few left.

These odds and ends we wish to clean out as quickly as possible and have marked them accordingly, and we have set the time for tomorrow.

Saturday at Nine O'clock

Please remember that each and every article is of exceptional quality, high grade in every respect, but not all sizes. We feel that it is prudent on our part to sell them out, rather than to hold on to them.

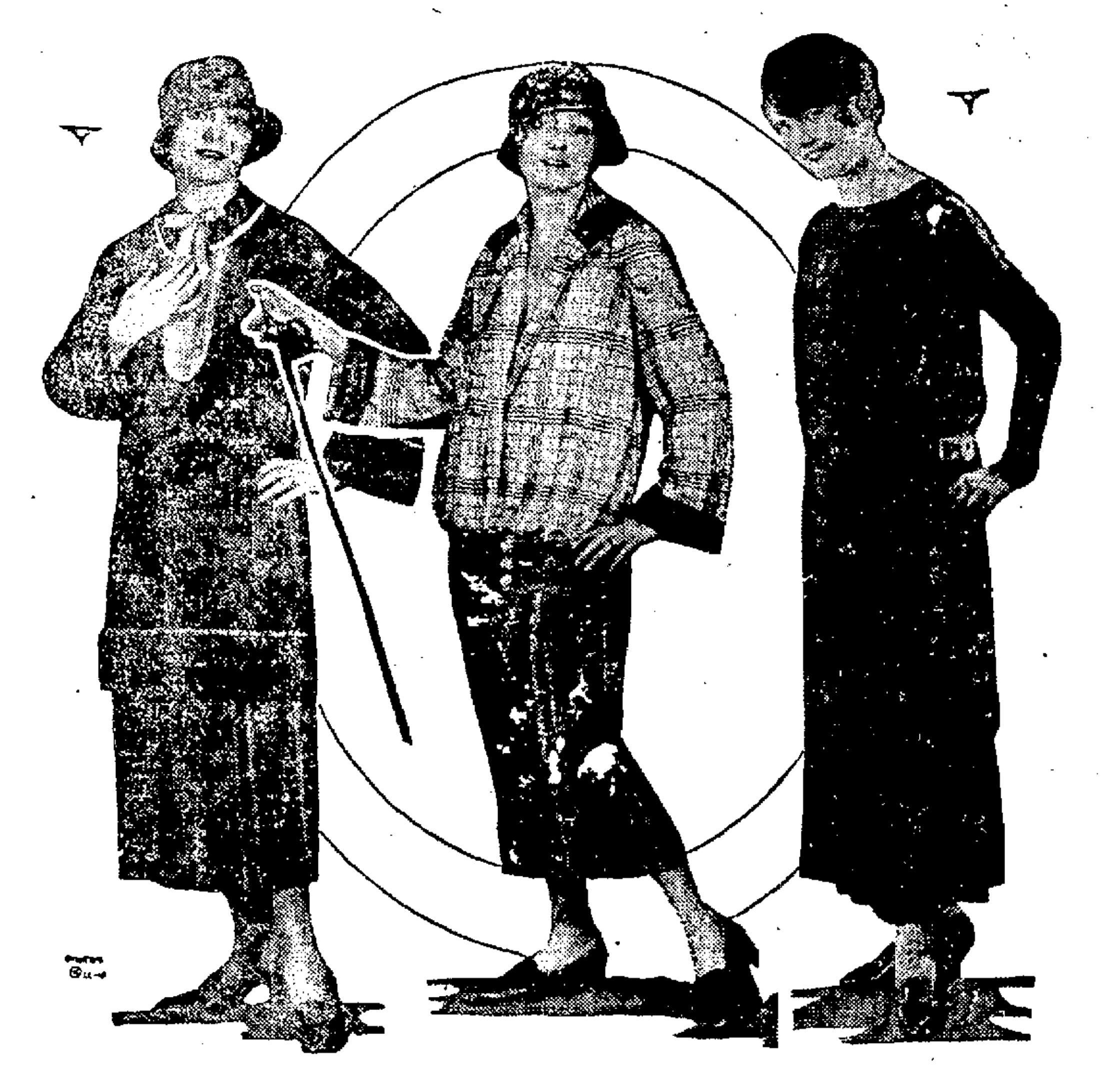
Variety Is the Spice of New Fashions



The overblouse or long tunic is "the thing" just now. It is made in many materials and styles, the beltless, those with narrow, leather belts or string sashes and the bloused models.

The model on the left is an illustration of the long, beltless tunic. It is made of chenille cloth in a block pattern. An oval opening in front reveals a light colored vest. The band at the bottom, cuffs and Dutch collar are all edged with the contrasting shade and a little ribbon tie at the throat matches this trimming touch. The sleeves are the well liked bell. The tunic is fashioned on the Chinese model.

A very smart blouse in the full jacquette model is shown in the center. It is fashioned of a red and blue plaid with hip band and trimming on collar and cuffs of a plain, dark material. It, too, has the bell sleeves but the closing is in front with revers and turnover collar.

A black satin one-piece frock is pictured at the right. The front is straight with a clever use of ruffles breaking the skirt line. These ruffles, which are quite wide, start at the right of the skirt about half way down, and describe a circle, arriving at the waist line at the left side where a buckle is placed. The sleeves are long, the cuffs coming well on to the hand.

This style of frock would make an ideal "hostess" gown. One could pour the tea for one's callers or entertain a few friends for an informal afternoon of bridge or Mah Jongg, feeling "pe-fectly gowned" for the occasion.

Two Madison Families Plan European Trip

[illegible] Wattawa to Return After Winning Recognition Abroad

BY ROWENA BROWN

[illegible] her "foreign relations" [illegible] assume importance with [illegible] that a Madison son [illegible] recognition in Europe [illegible] visit his mother for [illegible] period, and that two [illegible] families of the city will [illegible] of the month from [illegible] extensive travel on [illegible]

* * *

Mr. and Mrs. Clyde H. Teesdale, of Michigan, announce the birth of a son, William Herbert, at the General hospital, Wednesday. Mrs. Teesdale is a daughter of Mr. and Mrs. Rufus B. Smith, 1308 East Dayton street.

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Many soaps and prepared shampoos contain too much free alkali. This dries the scalp, makes the hair brittle and is very harmful. Mulsified cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this cannot possibly injure the hair.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy, and easy to manage.

You can get Mulsified cocoanut oil shampoo at any drug store. It is inexpensive, and a few ounces will last everyone in the family for months. —Adv.

Beg Your Pardon

The immense response we have had to our Nine-Cent sale has overloaded our delivery force. Though they have been working overtime to keep up with deliveries they have been unable to do so. As a result, deliveries to many customers have been delayed. We wish to apologize for this unavoidable congestion of deliveries, and to assure our customers that their purchase will be delivered as soon as possible. Many will receive them by parcel post.

Younger Set Is Capitalizing Cold Weather

Sleighing Parties are Popular; 80 Join In Church Outing

Capitalizing upon the cold, ice and snow, the younger crowds are finding social diversion in numerous sleighing parties. One of the larger ones will be held this evening when some eighty young people from the Baptist Christian Endeavor society meet at the student social headquarters, 429 North Park street.

They will drive from this point through and beyond the city and later in the evening will gather at the home of Mr. and Mrs. George Spohn, 353 West Mifflin street for an oyster stew. Chaperons for the party will be Mr. and Mrs. C. L. Fluke, Mr. and Mrs. J. Merle Rider, and Mr. and Mrs. J. N. Gadly.

Miss Lillian Lavin 801 South Brooks street of the sixth grade at the Pettit Memorial school arranged a sleighing party for about thirty of the members of her grade yesterday afternoon from 3:30 to 5:30 o'clock. The children were accompanied by Miss Helen Lavin.

A group of students from East side high school enjoyed a recent sleigh ride party followed by a warm supper at the home of Miss Patty Jones, Middleton drive.

* * *

Alpha Kappa Delta will hold its usual meeting in the university Y. M. C. A. parlors today. A six o'clock dinner will be served. City health officers will address the meeting on topics of special interest to the sociologist.

* * *

Mr. and Mrs. George C. Holmes, Rowley avenue, announce the birth of a son to their daughter and son-in-law, Mr. and Mrs. Marshall G. Simonds of Green Bay.

Before her marriage, Mrs. Simonds was Miss Marion Holmes, a graduate of the university and active in university circles. Her husband also is a university graduate. He is a son of O. C. Simonds, well-known landscape architect with offices in Chicago. Mr. and Mrs. Simonds have another daughter, Margaret, aged four years.

Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair becomes.—Adv.

Local Youth Stars In New Vodvil Bill

Jimmy Donahue Proves Ability As Clever Entertainer

If you care for vaudeville there is an excellent program now playing at the Orpheum.

Blossom Seeley is still stopping the shows with her versions of the latest in syncopation melodies. She has rearranged her act for the last half of the week and with the aid of Bennie Fields, Warner Gault and Charles Thorpe continues to afford great entertainment for her admirers. At the second show Thursday night, she had to beg off from further ado after she and her associates had sung everything lively including "The Memphis Maybe Man" written by Wilbur Moll, a Madison boy.

In the last act, Alexander and Roche, called "Youthful Stars" another Madison boy, Jimmy Donahue, plays the accompaniment for the dancers and singers. Jimmy was given a big ovation last night after his solo work. He plays the piano with all the skill of a veteran artist and will, no doubt, be popular on the vaudeville stage. Frankie Alexander does some expert and active dancing when Doris Rocho is not singing nicely.

Basil Lynn and William Howard rely on the professional Englishman and some Irish songs to entertain the spectators. Basil Lynn can drawl and act the Britisher without the h's and cough deliciously while his partner does well with his melodies.

Alice Hamilton does something different in portraying the role of a sweet old mother, who has just visited her slangy son in New York. She imitates him innocently and we believe that you will like her for the simplicity of the offering.

Embs and Alton also sing. They do very well with a selection that is varied and well chosen for their abilities.

Manilla brothers are better than average tumblers who work smoothly during a long exhibition of this arduous exercise. —H. D. S.

DOG IS STAR IN ROMANCE OF FROZEN WASTES

"Where the North Begins" a romance of the frozen wastes of the far off north land, with Rin Tin Tin, the famous police dog actor in the leading role is announced at the Parkway Theatre for the coming week starting with the Sunday matinee. It is a gripping virilex drama of the frozen wastes, where love and adventure go hand in hand, and where might triumphs over right and the strong win over the weak. The picture is replete with love, mystery, glamour and adventure.

Will Rogers, another old favorite returns to Madison to present his latest two reel comedy hit "Uncensored Movies" in which he ridicules so called reformers much to the merriment of those present.

The extra attraction Corrine Arbuckle, the favorite Broadway singer of "blues" and her world renowned Nine Royal Canadians, one of the best jazz bands and orchestras now extant.

"GINGHAM GIRL" LAUDED BY NOTED CRITIC

"The Gingham Girl" one of the most successful musical comedies of the present season will open a two night and Saturday matinee engagement at the Parkway Theatre tonight. Coming to New York last year it registered a phenomenal hit and during its long run in Chicago it won the unqualified praise of the critics of the various Chicago newspapers. Ashton Stevens noted critic of the Chicago Herald Examiner acclaimed it as the outstanding hit of the season and announced that it was worthy of being the representative American farce comedy. Manager F. W. Fisener who is bringing this attraction to Madison has wired to Walter D. Nealand, general manager of the Fischer Theatres, that this is positively the big city show and the only company now touring the United States. The cast is composed of the same artistes who comprised the New York and Chicago casts. Irma Marwick is the prima donna of the company. Good seats are still to be had at the Parkway box office for all performances, tonight tomorrow night and Saturday matinee.

POPULAR NOVEL MAKES DEBUT ON SCREEN

Few people realize the romance and tradegy of the seaman. If you are interested in sea stories see "Loving Lies" to be shown for the last times today and tomorrow. Starting Sunday a picture in which the story, cast and director are all proven elements will be shown "A Chapter in Her Life" is and elaborate screen transcription of Clara Louise Burnham's novel, "Jewel." The story has been widely read. The cast includes Claude Gillingwater, famous for fifty fine starring characterizations on the stage, Frances Raymond, Eva Thatcher, Ralph Yearsley, Robert Frazier, Fred Thompson and Vernon Steele. Then there are Jane Mercer, a child of eleven years who plays the title role and Jacqueline Gadson a beautiful blond type of girl who plays the romantic leading role with no backing of experience. The added attraction, Bernard and Betts, entertaining xylophonists, are excellent entertainers. A two reel comedy will also be shown.

TODAY'S RECIPES

Cauliflower Fromage Soup—One cauliflower, three tablespons butter or substitute, three tablespoons flour, one teaspoon salt, one-quarter teaspoon pepper, two cups meat stock, two cups milk, one stalk celery, one-half cup grated cheese. Cook cauliflower in boiling salted water until tender. Reserve three flowerlets and ress remainder through seive. Melt shortening, add flour, salt, pepper, stock, milk and celery. Bring to boiling point, stirring constantly. Remove celery and add seived cauliflower. Serve with a flowerlet in each plate and sprinkle with grated cheese.

Danisl. Cherry Cake—Three cups of red sour cherries, one cup flour, six tablespoons sugar, yolks of two eggs, one-quarter cup of milk, one tablespoon shortening, one-half teaspoon baking powder, one-quarter teaspoon salt (all level measurements.) Sift flour, salt and baking powder and two teaspoons of the sugar, into a bowl, then rub i the shortening. Beat the yolks of the eggs, add to them the milk and quickly mix the liquid through the dry ingredients. Shape with the hand into a greased pan, one-eighth inch thick. Drain the cherries, spread them over the dough and sprinkle over them the remaining sugar. Bake twenty minutes in a brisk oven.

Sauce—To the cherry juice add one cup of sugar, two level tablespoons of flour, a pinch of salt, one level teaspoon of butter. Cook eight minutes and serve.

Southern Corn-Bread—Take two cups cornmeal, one and one-half cups of thick sour milk, three-quarter of a teaspoon of soda, one teaspoon of salt, one tablespoon of sugar, one egg, one tablespoon of of melted shortening. Beat egg in a mixing bowl, and add the milk. Sift the dry ingredients together and add. Add the melted shortening, pour into a hot greased pan, and bake in a moderate oven twenty minutes.

"The Genius of Escape"
HOUDINI
IN THE GREATEST PERFORMANCE OF HIS STRENUOUS CAREER

"MADONNA OF SCREEN" IN CAST OF NEW PLAY

"Don't Call It Love" will be shown for the last times today and tomorrow. "To the Ladies" a high grade domestic comedy sprinkled with laughs will start Sunday. This picture is a Paramount production and was directed by James Cruze. It has a stellar cast lead by Edward Horton the star of "Ruggles of Red Gap," Theodore Roberts, the grand old man of the movies, Helen Jerome Eddy, known as the "Madonna of the Screen" and Louise Pressler, one of the most popular screen artists in the country. With such personnel of favorites, "To the Ladies" is bound to please. The production is packed with exquisite humor, and there are thrills galore. It is a picturization of a successful comedy of the same name written by Marc Connelly and George S. Koffman. The aded attraction will be Carl B. Lagerquist's latest songologue. A two reel comedy will complete this program.

REAL LIFE REFLECTED IN "BOY OF MINE"

To interpret real life—the kind with which we are all familiar—on the screen is admittedly one of the most difficult tasks in the world. It requires genius to achieve this result—genius in acting, in writing and in directing. "Boy of Mine" by Booth Tarkington, which is now showing at the Strand is such a picture. Every episode and incident rings true, and on leaving the theatre one is conscious that he has witnessed a slice of life.

Round Four of H. C. Witwer's "Fighting Blood" and latest news reel complete the program.

Starting Saturday "The Steel Trail" a historical chapter play featuring William Duncan and Edith Johnson will be shown at the Strand every Saturday matinee in addition to the regular program.

Prize Horses Will Be Entered In Stock Show

Fourteen prize winning horses at the Chicago international will be seen among the 37 animals of the Percheron, Belgian and Clydesdale breeds at the Little International February 22 and 23.

"All students of the College of Agriculture who are interested in grooming a horse or team will draw for their animals at 1:30 o'clock tomorrow at the stock pavilion," L. E. Caldwell, chairman of the horse committee said yesterday. Four of the teams to be fitted are pure bred draft horses and eight teams of horses will be shown in all.

"Fitting and driving a team of heavy draft horses is invaluable to the student participant because such a feat requires plenty of cool nerve and complete self control," Prof. J. G. Fuller of the animal husbandry department said.

Animals of the leading dairy breeds, numbering 76, will be drawn for at the same time, B. F. Heal, chairman of dairy cattle committee stated yesterday. Holsteins, Guernseys, Ayrshires, Jersey, and Brown Swiss of all ages may be chosen to fit and show.

Bok Plan Discussed By "Y" Commission

That war is not a necessity and the Bok peace plan is "bunk" were two of the varied opinions expressed during the discussion of "How to Prevent Wars" at the sophomore commission meeting in the fellowship of the Y. M. C. A. at noon yesterday. The league of nations and universal education of all peoples were advocated as preventions of war.

MANAWA—Civil service examinations for the position of rural mail carrier at Manawa will be held at New London on Feb. 9. The examination will be held to fill a vacancy caused by the death of M. E. Wood.

Mrs. Thompson's Advice

OUT OF SIGHT AND "OUT OF MIND"

Girl Writes That Boy Was Friendly Until He Moved To Another Town

Dear Mrs. Thompson: I started going with a boy a year ago last winter and went with him eight or nine months. When he went to a different town he did not write to me and so when he came back I told him he had been going with a different girl. He denied it at first.

He always loved me and I loved him, but whatever made him do this I would like to know because he knew I loved him. Do you think he will come back now? When we parted he said we would quit for a while. Whenever he sees me he talks to me. If he wants to come back to me should I go with him?

Do you think you can turn an indecent boy to a decent one, and how? BLUE EYES.

It was probably a matter of "out of sight, out of mind." The young man cared for you until he went to another town where he couldn't see you, and there he quickly forgot you because of an interest in some one else. I would not advise you to look for his return, because he seems to have grown indifferent. If he still cared for you he would not have suggested quitting for a while. In case he asks to come back, I see no reason why you should not let him since you care for him. Do not give him the impression that you are trying to keep him from having other friends. The more freedom he has and the less jealousy you show, the more apt he is to care for you. You cannot reform some one else, but you can help that person to want to reform himself. I would not advise you to sacrifice your own reputation in the effort to make a decent boy out of some one who does not care, because he would not thank you for your effort. By leading a clean life yourself and maintaining a tolerant and sympathetic attitude toward your weaker brother and sister, you will be doing all you can in the cause of decency.

* * *

WAIT A WHILE

Dear Mrs. Thompson: I am a girl sixteen years of age and my parents object to my going anywhere with my brother and other boys. My parents also have said that I could not go with boys until I am eighteen years of age.

Do you think I should wait that long when they let my brothers go with girls at the age of fifteen? Please give me your advice. BLUE EYES.

Doubtless your parents felt they made a mistake by letting your brothers go with girls at so early an age and they are trying to profit by their mistake by keeping you in longer. They are not unreasonable in wanting you to wait until you are eighteen. If, however, you are a high school girl, it seems to me they ought to make exceptions of high school parties and let you attend them.

Fund for German Children

A MILLION German children are rapidly approaching starvation.

Millions more are undernourished and without adequate clothing for warmth. Babies are without swaddling clothes. Many are placed in orphan asylums at birth. Conditions are not improving. Whoever is responsible. **These children are innocent.** The direct need is among the younger children, many born since the war.

This drive is part of the nation-wide effort headed by Maj. Gen. Allen, formerly commander of the American forces on the Rhine. In accepting the chairmanship of the campaign to feed 2,000,000 German children, Gen. Henry T. Allen has given authoritative sanction to a work both worthy and humane. No one knows this better than Gen. Allen, who has lived among these people and seen their struggles to ward off destitution and want.

All funds are spent in America, transportation of goods is furnished free by the North German Lloyd and American Quakers are in charge of the relief work.

Checks can be mailed to "The Committee for the Relief of German Children, Room 804, Cantwell building."

The following contributions have been received:

Previously reported	**$150.00**
The State Capitol (partial report)	**$500.00**

Mrs. Bliss Dies

Mother-in-Law Of Ex-Governor Davidson Passes Away In Milwaukee

Mrs. Elsie Bliss, 88 years old, grandmother of Mrs. Theodore G. Lewis, wife of the Dane county district attorney, and mother-in-law of ex-Governor James O. Davidson, died in the Latent hospital in Milwaukee at 9 o'clock Friday morning.

Death came after a short illness following an accident in which Mrs. Bliss fell and broke a hip bone.

One daughter, Mrs. Fay Briggs, Milwaukee, aunt of Mrs. Lewis, is the only immediate survivor. Until about one year ago Mrs. Bliss resided in Madison, making her home with Mr. and Mrs. Lewis, following the death of ex-Gov. Davidson. Tenative funeral arrangements provide for services here Monday, probably held from the Christ Presbyterian church, of which Mrs. Bliss was a member.

The body will be shipped to Madison for burial. Interment will be in Forest Hill cemetery.

Paper Helps

Madison Man Praises Capital Times for Assistance

Through The Capital Times, homeless boy has found a home and people who will take care of him. Early last week, the Rev. David A. Richardson, of the Children's Home Finding society, asked that he be given aid in finding a home for a 16-year-old boy. Within an hour after the paper had appeared on the streets of Madison, Rev. Richardson received a telephone call from a local family. In the short period that has followed, that single telephone call has grown to fifteen. Twenty-five letters, from as far away as Appleton and Ashland have been received. The boy has been placed on a farm near Madison.

"I want to thank The Capital Times for helping me find a home for that boy," the Rev. Richardson said. "The many telephone calls and letters I received show the wide circulation of The Capital Times and testify to the good a newspaper can do."

Will Get Old Bond

Devine's Surety, Made In 1886, Signed By Six To Be Filed Here

The first bond given by Postmaster W. A. Devine upon his entrance into the postal service in 1886 as a letter carrier, has been returned to Madison from the files of the department at Washington D. C. in accordance with a new policy of the department to file all bonds of postal employes at the local offices.

Of the six persons signing the bond three have been postmasters of Madison. J. Gregory, postmaster at the time; Col. William Helm, assistant postmaster; and Robert Hastreiter, mail clerk, were witnesses. James Conklin and Thomas Cass went surety for Mr. Devine. Mr. Conklin later became postmaster.

All signers have since died. Mr. Devine's appointment as letter carrier was made May 24, 1886.

Baptist Church Advances Service for Relief Meet

To co-operate with the German relief massmeeting of citizens at Central high school at 8 o'clock Sunday night, the First Baptist church will advance the hour of its evening service to 7 p. m. The Rev. Norman B. Henderson will lecture on "What Is God Doing?" The morning service will be held at 10:45 the regular service hour.

State Lumber Industry On Firm Footing

Bright Prospects for This Year Seen By National Association

Washington Bureau,
The Capital Times.

WASHINGTON, D. C.—The lumber industry in the Northwestern states of Minnesota, Michigan, and Wicsonsin enters the New Year with extremely bright prospects after completig a year of exceedingly large log input, heavy production and heavy shipments, according to the National Lumber Manufacurers association in a statement today.

Report show that the Northern Pine Manufacturers will enter 1924 with larger and better asorted stocks than a year ago.

"Production of this lumber in these states," the report says, "for 1923 is approximately 610,000,000 feet the largest in the last four years and shows an increase over 1922 of 77,000,000 feet or 14½ per cent. Shipments will approximate 560,000,000 compared with 583,000,00 feet in 1922. Woods labor has ben scarce nearly all of the past year and wages high, resulting in increased cost of production. Prospects for 1924 are encouraging and mills generally optimistic."

Joint Water Meeting Postponed to Monday

The joint meeting of the special council water committee and the board of water commissioners, scheduled for Friday night, has been postponed to 7:30 Monday night. Word that members would be detained on other matters was given as cause for changing the date by L. A. Smith, superintendent of the water department. The committee will discuss the construction of a large reservoir and increasing the city's water supply with a new field on the west side.

Bed-Warmer Gets Too Hot; Blaze Threatens Home

Fire caused by an electric warming pad, one of the variety which has replaced the hot water bottle on cold winter nights, damaged a bed in the home of C. J. Zweck, 1805 Madison st., Friday morning, and threatened to set fire to the house. Firemen from No. 4 station extinguished the blaze at 9:30.

"Cat's Ankle"

Slang Expression O. K. Says One; Bad Say Two

"What would you do if a member of one of your classes used the expression 'She's the cat's ankle' in a theme or in class?"

This question was asked of three University of Wisconsin English instructors Friday. The vote was two to one for a splash of red ink and a reduction in grade. The third one approved. He said:

"Saying: 'She is the cat's ankle' conforms with tradition. It's all right.

"Suppose we say: 'She is the cynosure of all eyes.' " I am sure the most conservative could not object to that. The word is borrowd from the Greek. To guide ships into port Greek mariners used to look at the Little Bear constellation and locate Cynosure, which means dog's tail.

"So there you are. 'She's the dog's tail', which is no better than 'She's the cat's ankle', 'the kitten's meow' or anything you wish. It can be proved by a syllogism."

"The only trouble is that the modern 'jazz' expression is at the wrong stage of development. It is too new to have arisen above the rhetorical half world, is too stale to be clever."

Schreiber Is Being Brought Back to City

Capt. Davenport to Start Back With Prisoner Friday Night

According to a telegram received Friday afternoon by Chief of Police Thomas Shaughnessy from Capt. Harry Davenport, officer who was sent to Arkansas City, Ark., to bring back Frank Schreiber, Madison piano salesman, wanted on an embezzlement warrant, the police officer and his prisoner were to start back for Madison Friday night. Capt. Davenport stated that the completion of the extradition proceedings will have been made by that time.

The Way To Be Thrifty IS TO SAVE

The best way to save is not to buy cheaply, because that is always expensive in the long run. But rather to get full value for your money. Especially does this principle apply to buying Clothes and Furnishings. Clothing well made, with plenty of style and of good quality fabric is most economical. That's the kind of clothing you always get here.

We urge you to compare prices and quality in other stores. We are confident that dollar for dollar you can secure no better values anywhere.

It Pays To Buy Carefully

School Pupils Taught Thrift By Machines

Bank of Wisconsin Has Savings Machines In Schools

By H. C. JAMIESON
(Cashier, Bank of Wisconsin)

In three years, through automatic receiving tellers placed in Madison's schools by the Bank of Wisconsin, the deposits of the city children have increased 120 per cent.

In all the grade schools and in several parochial schools, machines, in the nature of automatic receiving tellers, where school children may place their pennies and dimes, receiving stamps to paste in the books, resulted in increasing savings of children 60 percent the second year, over the first, and 20 per cent in the third year. The pass books, were taken to either the Bank of Wisconsin or the Branch bank for deposit or for cash payments.

The system has proved expensive for the bank because the entire time of Mrs. Charles S. Parker was required, but the results have proved the value of the plan because 5,000 school children have opened accounts during the three year period that the system has been in vogue. We believe, however, that there is a strong educational value in the plan and shall continue it. It is more difficult to get adult persons to save systematically and if the principles of thrift can be instilled early in life, the final results will be well worth while for the community. The value of this policy cannot be estimated in dollars and cents in three years or even five years.

As an indication of the value of promoting thrift among the children of Madison's schools, the Bank of Wisconsin opened approximately 3,000 new savings accounts in 1923, other than the accounts secured through the automatic receiving tellers which have been placed in the schools.

Thrift is a matter of habit and education. Financial inntitutions, the country over, are constantly advising the public, in their advertising copy, to save something each week and month. The value of interest, compounded regularly on savings accounts, usually surprises those who keep up the saving habit for a short period and causes them to continue the habit.

Kolb Is Back From Economic Conference

J. H. Kolb, assistant professor of agricultural economics, recently attended a meeting at Washington, D. C., of the nation's economists who are interested in farm economics, general sociology, general economics, sociology and rural sociology. Mr. Kolb was elected chairman of the rural section of general sociology, due to his research work on the study of town and country relations. He is on federal part time work besides the work which he has at the university.

Conferences at Washington were also part of Mr. Kolb's trip. He consulted with Dr. Galpin, one of Washington's most prominent economists, in regard to the work of a census analysis to be completed for five small Wisconsin towns. This analysis will be used in further research work of rural relations. Mr. Kolb also had a conference with Dr. Edmund de S. Burner of the New York City Institute of Social Research, who will cooperate in this same rural research study by sending workers to Wisconsin.

MARINETTE — August Biehl, 84 years old, a widower who lived alone, was found dead on the floor of his home Wednesday night by officials. He was last seen on Tuesday, when he talked with a neighbor. He was a gardener and resided here thirty-seven years.

Y. W. C. A. Busy Place During The Holiday Season

Jane B. Sherrill

By JANE B. SHERRILL
Secretary Y. W. C. A.

The secretary's report for the month of December — As I look over nine full pages of program for the month, I am moved to start this report with Dr. Curry's two opening questions, "What have we here?" and "What does it mean?"

The month had a happy and inspiring beginning in the Bible discussion groups of Dr. Curry, and a glad ending in the Christmas time. As usual for December, it proved to be a month of finishing up of fall classes and activities, of many small Christmas festivities, of efforts even in the midst of much holiday competition to keep plans going forward for January work, and of the ever present cleaning and repairs.

The non-association groups using the building this month included Federal Board Wives, Camp Fire Girls, Library School Girls' Christmas party, Forestettes, O. D. T. club, National Council of Jewish Women, Jewish Juniors, Mahath Circle of the Baptist church, Christmas party for children, D. A. R., Private group party, Oberlin benefit sale, Evening Guild of the Congregational church, M. D. A., Northwestern Women's club, Gillin Bible class, and many small committee meetings.

The lobby had its usual Christmas problem to be solved. boxes for Indian girls packed by Girl Reserves, carollers gathering, vacation transients coming and going and house girls leaving. Then the almost deadly calm of the week between Christmas and New Year's —broken only by the repair men, workers on publicity problems and years records, and finally on Dec. 31 by the New Year's eve party. This was managed by Mrs. La Duke and the committees from industrial and business girls and was much enjoyed by more than 100 men and girls.

The maintenance and repair committee asks you to look at the new sign on State st., the clean new rubber mats on the first floor stairs, the cleaned up, floor painted club rooms on fifth floor, and the refinished lobby counter.

With the beginning of the New Year three coming events begin to crowd us into active work. The annual meeting set for Jan. 25, the work for the National Y. W. C. A. Board on the "Job Analysis", and the preliminary work for the national convention, which meets in New York from April 30 to May 6.

Predicts End of World In 1925; Lays World's Plight to Adam's Sin

"We are coming close to the day when the human race shall cease going down into the tomb and those now living will come into the lost heritage of Adam," announced C. E. Stewart, of the International Bible associations, New York, in his talk Thursday night in the city library on "The Immorality of Man."

The controversy between the modernists and the fundamentalists is now at its height," Mr. Stewart stated. "The Fundamentalists believe that Jesus came into the world as part of God, possessing life from everlasting to everlastig. The modernists believe that Jesus was mere man, and His death was no different from the death of any other good man.

"God took the elements from which the earth is formed and made a human organism. He breathed into this body the breath of life, and Adam lived. For two years Adam lived in close association with God as a living soul. Upon his transgression he ceased to be a living soul and became a dying soul. From his death to this time he has been dead. We die because of Adam's trangression 6,000 years ago. The human family comes in, not as living souls but as dying souls.

"God ordained that the human race should be a dying race for six days, each day being equivalent to 1,000 years," Mr. Stwart continued. "The seventh day we shall have the opportunity to rise again.

"The Bok Peace plan, and the League of Nations are doomed to be failures because they do not take into consideration God or Christ. This is due to the fact that man likes to strut around and say: "Look what I did."

Mr. Stewart forsees two resurrections, the celestial and the terrestial. As an exacple of the first he cited Jesus and St. Paul. The Terrestrial resurrection will not be as glorious as the first, but it will be wonderful. The coming to life of Lazarus is an example of what the great resurrection will be.

"God has not forgotten us," continued Mr. Stewart. "On the seventh day, 6,000 years after Adam's transgression, the dead will be resurrected. We are now on the verge of that great day. By 1925 the last feature of the Mosaic law will become a thing of the past; then God can bring blessings on every one of us, the living and the dead."

Mr. Stewart went on to say that when a man dies, he remains in the grave, and does not go to heaven or hell, which ever one he deserves, as was commonly believed. He remains in the grave waiting for the resurrection. "Souls go out and return again when God wills it," he said. They do not return to the same body, however."

Frosh Commission Elected at Meeting of Y. W. Workers

The freshman commission was chosen last night at the Y. W. C. A. worker's banquet held in Lathrop parlors.

The women elected are:

Dorothy Atkinson, Dorothy Walker, Eleanor Warren, Gertrude Owen, Grace Morley, Rosallia Kurtz, Bernice Winchell, Elizabeth George, Elizabeth Adams, Elizabeth Kuenzli, Eleanor Jones, Helen Graham, Frances Gore, Florence Allen, Claudia Brewer, Emily Mead, Barbara Hornby, Dorothea Stolte, Jane Gaston, Lucile Horton, Helen Metcalf, Virginia Sinclair, Louise Zimmerman, Nellie Bilstad, Barbara Bacon, Margaret Birk, Marcella Steel, Peggy Reed, Alice Brown, Eulalia Beffel, and Elizabeth Gilmore.

Marion Metcalf '24, president of Y. W. C. A. preside. and Dorothy John '25, vice president of the organization and president of the freshman, announced the freshman commission.

Mary Elizabeth Haven '26, Dorothy Haskins '25, Betty Sears '25, Julia Callis '26, Louise Tobey '24, and Jean Hoard '27. Alice Brown '27, spoke representing the Y. W. C. A.

New Lamp Burns 94% Air

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, B. M. Johnson, 609 W. Lake St., Chicago, Ill. is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today to explain how you can get the agency, and without experience or money make $250 to $500 per month.—Adv

Committees Back Farm Rail Rate Cut, Report

Senate Body Calls Bok On Wide Probe

Founder of $100,000 Peace Plan to Be Summoned to Testify

Propaganda Investigated

Mellon Tax, Vet Bonus and Klan May Come Under Probe Resolution

(By the Associated Press)

WASHINGTON—A sweeping investigation of general propaganda in the U. S. will be started Monday by a special senate committee, with the Bok peace plan its first subject for study.

Propaganda dealing with the Mellon tax program, the soldier's bonus and other questions is expected to be considered later under the committee's authority to investigate and report to the senate whether there is any organized effort being made to control public opinion and the action of congress on legislative matters through propaganda or by the use of money in advertising, or by the control of publicity.

Decision to take up the Bok plan first was made at the suggestion of Sen. Reed, Dem., Mo., who introduced the resolution under which the inquiry is to be conducted. Edward W. Bok, Philadelphia, who offered the $100,000 dollar prize for a peace proposal, and Miss Esther Everett Lape, of Philadelphia, one of the committee in charge of the contest, have been selected as the first witnesses to be heard.

The committee to conduct the investigation will be made up of two republicans, two democrats and one farmer-labor senator. Sen. Moses, N. H., is the chairman; the other members are Green of Vermont and Reed of Missouri, and Caraway of Arkansas, Democrats, and Shipstead of Minnesota, Farmer-Labor.

The committee held its first meeting late on Thursday and voted to investigate first the alleged propaganda in favor of the Bok peace plan. The charges involving the Mellon plan probably will follow the Bok inquiry and when that part of the investigation is concluded the bonus will take the witness stand.

Alleged foreign efforts to influence the foreign and domestic policies of the United States will also be investigated, and rumor has it that before the committee stops it will take a whack at the activities of the Ku Klux Klan.

Fire At Livingston

Grain Elevator Destroyed; 811 Carloads Of Livestock Shipped In Year

LIVINGSTON, Wis— Fire razed the [illegible] Biddick and Co. grain elevator here this week, causing damage estimated at $15,000. The building was ablaze when the depot agent discovered it and sent out an alarm. Realizing that it was useless to save the elevator, firemen directed concentrated efforts to save the lumber yard and other adjoining property. The property is covered by $9,600 insurance.

Eight hundred and eleven carload of livestock were shipped from here last year, railroad records show. Of this number, 241 cars of cattle were shipped, 537 of hogs, 25 cars of sheep, two [illegible], and six cars of poultry.

[illegible] Carier was elected president of the Union State bank at [illegible] to succeed the late C. H. [illegible]. Other officers elected are: [illegible], cashier; J. M. Pink[illegible] Hafferty, assistant cashier.

[illegible] Poultry show will [illegible] Maso's hall, Jan. 23-25. [illegible], Ft. Atkinson, will [illegible]. The enterprise [illegible] of the business.

A MILLION TIMES ENLARGED PHOTO OF AN ACTUAL HAND-SHAKING GERM
MOVIE OF MAGNUS JOHNSON'S NEW HANDSHAKE IN THREE GRIPS

Handshaking Disease Spreader, Says Brumbaugh; Now Local Office Seekers Are Up In Air

EVERY time you shake hands you're flirting with death. It's safer to kiss than shake hands.

And Madison politicians, with election day in the offing, are hung on the horns of a terrifying dilema. If they shake hands they're flirting with death, and if they don't shake hands they're flirting with politcal death.

Physicians the world over have repeated the warning that anyone who murmurs a "Pleased ta meetcha" or "Hello, Bill," over a hearty handclasp is promoting a wholesale microbe exchange. Dr. E. V. Brumbaugh, Madison health officer, is also an authority for the statement that handshaking is a disease spreader.

* * *

AH, they say, it is far better to kiss or be kissed, that to clasp another's hand, as a greater variety of germs are to be found on the hands than on the lips.

But local office seekers, their friends, managers, followers and other appurtenances campaign time, would rather die in a hospital than in a ballot box. Special sleuths have observed them on the capitol square, in the city hall, Elk's lodge, and other public and private gathering points.

* * *

DOWN in Washington, too, the handshaking season is well under way. It will continue into November. Minority leaders have been aroused by President Coolidge's public revival of the practice. They see in it an attempt to inoculate irreconcilables and luke-warm advocates with mysterious admiration for the president's plans.

The problem is a serious one, not only for the politicians, who now must shake hands perforce, but for individuals who do it because they are expected to.

Dr. W. W. Hill of the Canadian Institute of Public Health, is responsible for the statement that 50,000 deaths are recorded in North America every year because people shake one another's hands, and he is launching a campaign in Canada to abolish the practice. He says that Dr. S. K. Crumble, said to be the originator of the "Swat the Fly" movement, wil conduct a similar drive in the United States.

* * *

MAGNUS JOHNSON is alive to the peril and has issued a revised edition of the handshake, artistic though intricate. He and Secretary of Agriculture Wallace are said to have evolved this new "shake" (which realy isn't a shake at all). Johnson, a straight-from-the-farm senator, got some of his idea from the milkman's union handshake.

Anyway, the person extending the gladhand a la Johnson, interlaces his fingers, with the palms of the hands outward and the thumbs down. The other actor in the little drama grasps a thumb in each hand. The exercise may be beneficial, but the doctors still maintain that the new method has not entirely eradicated the germ peril.

And what is Will Hays, the champion handshaker going to do. 'Stoo bad, just when there was nothing else to worry the Republicans and Democrats, this had to come along. Somebody's always taking the joy out of life—and politics!

MAYVILLE—Carl Achtenhagen, a pioneer here, escaped with minor injuries when he fell from a second story window at his home.

It's Brief, But It's All News

GEORGE D. Rose, of Dubuque, Ia., was elected president of the Northwestern Lumberman's association at the convention in Minneapolis Thursday. A. H. Malone of Minneapolis was named vice president and J. V. Dobson, of Minneapolis, treasurer.

An alleged 12-year-old post office robber, Gerald Dodge, a motherless boy of Stanley, Wis., will appear before Judge T. J. Connors at Chippewa Falls Friday to answer a charge of taking several letters from the Stanley post office and attempting to cash checks which the letters contained.

M. Pescara flew a helicopter at the Issy le Moulineaux airdome Thursday for eight minutes and thirteen seconds, covering 1,160 meters (roughly 3,802 feet.) He flew at an altitude of les than fifteen feet.

A strike of harbor workers in every port of Norway commenced Thursday evening. A strike of all transport workers may follow.

Martin B. Miller, 88, wealthy retired Christian county farmer, a friend of Abraham Lincoln, and many years engaged in butchering business, died at Taylorville, Ill., Thursday. Originally from Louisville, Ky., Miller located in Springfield, where he had Lincoln as a customer for years.

Officials of the British Railway Locomotive Engineers Thursday called a strike for Sunday night. Although Southern Railway engineers voted to strike immediately F. Bromley, head of the union, appealed to the men to wait until the general strike order is effective.

Given a five-day jail sentence at Santa Ana, Calif., for speeding at forty-five miles an hour, the Rev. A. J. Towe of Patterson, who was honeymooning in southern California, has started turning his cell into a Bible study. Appearing at the jail to start his sentence, Rev. Towe carried a Bible under each arm and declared he intended to continue preachin while in jail.

Griffis Taken Out of Solitary Cell In Germany

CHICAGO—Lt. Corliss Hooven Griffis has been taken out of solitary confinement in a German dungeon where he was sentenced to serve 15 months for the attempted kidnapping of Grover C. Bergdoll, according to word received here by Dr. James Whitney Hall. The American officer is now permitted to have visitors, it was said.

French Deny They Will Recognize Soviet Rule

PARIS.—The French foreign office Thursday denied that an offer had been made to recognize the Soviet government in exchanges for anti-British propaganda in the east.

Opium Conference to Be In Geneva Nov. 3

PARIS.—The League of Nations has issued invitations for the first international opium conference, to be held at Geneva, Nov. 3.

Put La Follette Name On N. D. Ballot, Is Plan

Begin Statewide Campaign Soon, Congressional Candidate Says

(By the Associated Press)

FARGO, N. Y.—A movement to place the name of Sen. Robert M. La Follette on the ballot at the March 18 primary in this state as a candidate for president and announcement that two sets of Coolidge delegates to the republican national convention would be in the race were important developments last night in North Dakota politics.

Following conferences here with La Follette supporters, Gerald F. Nye, candidate for congressman from the second district, said that a statewide campaign would be started immediately to put Mr. La Follette's name on the ballot. According to Mr. Nye, men in Washington close to the Wisconsin senator have indicated that such a move would meet with Senator La Follette's approval.

Woman May Get County Board Seat

Mayor Kittleson Ask to Appoint Woman In Gratz's Place

Would Be First Here

Candidate Would Stand for Re-election In The Spring

For the first time in history of Dane county may have a woman member on its county board of supervisors, when that body meets on Jan. 28 in an adjourned session.

Mayor I. M. Kittleson has been asked to name a woman representative on the board from the fifth ward to replace Fred E. Gratz, who has resigned. Mr. Gratz has moved out of the fifth ward and can no longer represent that city subdivision.

The matter of naming a woman to succeed Mr. Gratz on the board was brought up at the meeting of the Dane County League of Women Voters on Tuesday, but the League is pressing the appointment as a club issue, it was announced Friday.

Mr. Gratz's term would have expired this year, and thus, the successor named by Mayor Kittleson will hold office until after the spring election. If a woman candidate is named, it is said that one will be selected who would make a campaign for re-election.

Assails Tax Law

F. H. Clausen Tells Credit Men Industries Are Moving Out Of Wisconsin

(By the Associated Press)

OSHKOSH, Wis.—That the present tax laws of Wisconsin are proving a serious detriment to the state was the declaration here yesterday before the Association of Credit Men, by F. H. Clausen, Horicon, formerly head of the Wisconsin Manufacturers' association. He said it could be proved that many industries were being kept from entering Wisconsin and that the main offices of a number of concerns had been removed to other states because of unfavorable taxation. His opinion was the result of a heavier burden on the industries that remain, as those moving offices and executives elsewhere pay only such part of the tax as apply to the holdings within the state. He cited specific instances.

WESTBY—Mr. and Mrs. Christian Wang celebrated their golden wedding anniversary here.

Complete Text of La Follette Resolution to Cut Rail Rates

The complete resolution for the reduction of freight rates on farm products introduced by Sen. La Follette follows:

JOINT RESOLUTION

Whereas freight rates upon grain, livestock and other agricultural products from country shipping points to primary markets are now approximately 47 per cent in excess of pre-war freight rates; and

Whereas freight rates upon grain for export have been even more extravagantly increased by approximately 73 per cent; and

Whereas these rates are fixed by the Interstate Commerce Commission under the mandatory provisions of the Esch-Cummins law; and

Whereas the price of wheat and other farm products has decreased to pre-war levels while freight rates remain substantially upon the levels established when wheat was selling at $2.00 per bushel, corn at $1.86 and cotton at 37 cents a pound; and

Whereas the increase in freight rates applies not only to what the farmer sells but also to what he buys, so that it now requires, for example, the value of 166 bushels of wheat to buy an ordinary farm wagon as compared with 102 bushels in 1913; and

Whereas American farmers have in addition suffered from increases in every element of the cost of production, including taxes, so that they face heavy net losses upon their entire production; and

Whereas, the Secretary of Agriculture has stated that farm values decreased thirteen billion dollars from January 1, 1920 to March 1, 1922; and

Whereas the Secretary of Agriculture has also reported that in the 15 wheat states alone more than 108,000 farmers have since 1920 lost their farms or other property through foreclosure or bankruptcy, over 122,000 have lost their property without legal proceedings, and nearly 373,000 have retained their property only through the leniency of creditors, making a total of 603,000 farmers or 26 per cent of all who are virtually bankrupt in these 15 states; and

Whereas the conditions are even more appalling in particular states, as for example in South Dakota, where according to the Secretary of Agriculture 40 per cent of all farmers are virtually bankrupt; Colorado, 42 per cent; North Dakota, 50 per cent. Wyoming, 51 per cent; and Montana, 62 per cent; and

Whereas these bankruptcies of farmers have created a huge number of bank failures, greater in number in 1922 than in any year since the panic year 1893; and

Whereas the Department of Agriculture has reported that during the year 1922 two million persons moved from American farms to American cities, thus adding to the already congested condition of these centers; and

Whereas the consequent shortage of labor has resulted in the employment of very young children in ever increasing numbers at heavy manual labor upon the farms; and

Whereas these conditions constitute an emergency which requires immediate action if American agriculture is to be spared from appalling disaster; and

Whereas the neighboring Dominion of Canada has established a precedent by reducing freight rates substantially to a pre-war basis, so that the rates paid by Canadian farmers on their products are much lower than those paid by their competitors in the United States: Now therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the present condition of American agriculture constitutes an emergency of so grave a character that the Interstate Commerce Commission be, and it is hereby, directed to proceed forthwith to reduce substantially to the pre-war levels the freight rates upon agricultural products, including livestock, and upon the materials and implements required upon American farms for the production of agricultural products.

Readings begin at noon Thursday and continue through 11 a. m. today.

Madisonians will resume their shivering Saturday night after a day's respite.

Another cold wave, the third this winter, is on its way to this city and wrap all Wisconsin and the Northwest in its embrace over the weekend.

While the temperature in Madison probably will not go lower than a few degrees below zero, northern Wisconsin will experience a drop which may send the mercury to 20 or 25 degrees below zero, according to indications confronting weather officials here Friday morning.

After reaching a minimum of 4 degrees below zero at 10 o'clock Thursday night, the temperature began a slow rise, bringing the mercury to zero at 7 Friday morning and to 10 above at 11 o'clock.

Sauk County Repeals Dance Restrictions

Baraboo W. C. T. U. Holds Reception at M. E. Church

(By Special Correspondent)

BARABOO, Wis.—Repeal of the county dance hall ordinance adopted by the Sauk county board of supervisors at its November session was made by the board at its January meeting here. The ordinance which is similar to the one passed by the Dane county board last November, was repealed when it became apparent that the measure was not favored by the majority of tax payers. Provision was made that each township and incorporated village could decide its own dance hall restrictions.

The members of the local Women's Christian Temperance Union entertained at a reception and banquet in the parlors of the Methodist church. The invited guests included the teachers and members of the board of education.

The Catholic Women's club held a social meeting at the K. C. club room. About 40 guests were present. The evening was spent in playing cards. Hostesses were: Mrs. Thomas Adams, Mrs. John Duyer, Mr. William Neitz, Mrs. Ray Coper, and Miss Edna Reynolds.

La Follette's Rate Cut to Get Backing

Senate and House Committees to Support Rail Move, Belief

Is Fought By Railroads

Lobbyists Declare Slash On Farm Product Schedule Would Hit Service

Washington Bureau,
The Capital Times

WASHINGTON, D. C.—The interstate commerce committees of the senate and house are expected to report favorably at their next meetings the joint resolution introduced by Sen. La Follette this week ordering the interstate commerce commission to reduce substantially to the pre-war levels the freight rates upon agricultural products, including livestock, and upon the materials and implements required upon American farms for the production of agricultural products.

The senate committee, a canvas of the members indicated today, is practically certain to report the resolution favorably. The action of the house committee is more doubtful but advocates of the measure are predicting it will also return a favorable recommendation.

The entire Progressive blocs of both the senate and house favor the measure and a bitter fight on the floors of both bodies is anticipated when the resolution comes up for debate.

The railroads and their lobbyists are certain to oppose it. Railroad presidents from all sections of the country have appeared in Washington all summer and fall urging President Coolidge and other government officials to oppose any attempt to reduce freight rates. They declare that if freight rates are lowered the present service cannot be maintained.

Sen. Smith, Dem., S. Car., the new chairman of the interstate commerce committee, has declared himself in favor of a reduction in freight rates and has indicated he will support La Follette's proposals along this line. The resolution is certain to be to the floor of the senate and there debated for several days.

SEN. LENROOT IN CHICAGO.

WASHINGTON, D. C.—Senator Lenroot will address a woman's club meeting in Chicago tonight. He left Washington yesterday afternoon and expects to return Saturday unless he changes his present plans and goes to Milwaukee over the week end for a conference with Old Guard Republicans.

Evansville Priest Is Fair Association Head

EVANSVILLE — The Rev. William Mc Dermott, Evansville, was elected president of the Rock County Fair association, succeeding W. S. Gollmar at the meeting of the directors here. The 1924 fair will be held on July 30 and 31, and Aug. 1 and 2. It will be the first fair of the season in Wisconsin. Other officers are Zala Miller, vice president; Dr. C. S. Ware, secretary, and Leonard Eager, treasurer.

Huge Snow Drifts Block Two East Side Streets

Snow drifts from four to six fet in depth are blocking traffic on Sherman ave. and E. Gorham st., according to Robert Stadelman, acting street superintendent in the absence of P. H. Walsh who is attending the road show at Chicago. A crew of men were at work Thursday hauling away the snow. The snow loading machine has almost completed cleaning the streets of the business section. It will probably be used on other principal streets of the city where the snow blockade is serious.

Blaine's Veto of Gas Tax Bill Flayed At Meeting of County Board Association In Wausau

(By the Associated Press)

WAUSAU, Wis.—The Wisconsin County Board association yesterday closed its convention near midnight Thursday night at a banquet. The convention unanimously re-elected R. W. Davis, Bangor, as president, and J. F. Prentiss, of Watertown, secretary and treasurer, and put in William S. McCarthy, Milwaukee, as vice president. The next convention goes to Kenosha in January, 1925.

Resolutions adopted favor amendment for home rule for cities, gasoline tax and a change in system which will leave counties with 20 per cent of all penal fines, instead of as now, 2 per cent.

The sentiment against legislative inaction by the legislature and governor was expressed in President Davis' closing address in which he said in part:

"This association of county boards was betrayed by the last legislature and by Gov. Blaine and I regret that stronger expressions were not used in forming our resolution. We came directly from the people, are in closer contact than are legislators, and we know what the people want, and yet the legislature and the governor, in the face of the most solemn referendum ever given in a state betrayed us and the taxpayers, refused to reduce taxes or to adopt reasonable suggestions for maintenance of highways and to relieve the burden upon property owners.

"I want you to take this message home and to tell it at town meetings, ask the people if we are to submit to be governed by political quacks. If we are to be made the playthings of politics, we might as well quit. I defy the governor to give true explanation why he vetoed the 2 per cent gasoline bill last year; he has never given the real reason and I defy him to do so.

"I am not talking politics, but as the representative of the people, who do not care for factions or parties as much as for good government. This association does not consist of politicians, we eliminate politics in our deliberations and there is no place for the brand of pure bunk which we have handed to us at Madison during the past few years. We want a fair distribution of taxes and end to the damnable outrages put upon the taxpayers of the state."

Show Defects In University Election Plan

Student Court Outlines Irregularities In Last Ballot

The main defects and irregularities of the student election on November 2 in which more than 200 fraudulent votes were cast are pointed out in an official statement given to The Cardinal last night by the Student court, which has been conducting an investigation of the election during the last two months.

The findings were based on testimony of students who were called before the court during the investigation, and these are now being made public in order to assist in the forming of measures to prevent any similar occurrences in the future, according to the statement.

Hannon Issues Report

"Although the court has not finished its investigation of the last election, they feel that the students are anxious to know what has been accomplished so far," T. R. Hannon, chief justice, said yesterday.

"The student senate and court are cooperating in drawing up new election regulations which we hope will prevent any more fraudulent voting."

The officials statement of the court is as follows:

System is Defective

The student court in their investigation into the election of November 2, at which more than 200 fradulent votes were cast, discovered many conditions in our present sytem and methods of conducting university elections which require remedying. Not only was the present elections system found defective, but the conduct of this election of November 2 presented aspects of mismanagement and inefficiency which demand the attention of the student body. The court feel that it is their duty to make known to the student body those of their findings which may be of benefit in formulating measures to prevent a recurrence of the last election scandal.

Among the defects and irregularities unearthed the following are the most outstanding:

In conducting this election there was a lack of unity in the student senate elections committee which resulted in failure to make proper preparations for the conduct of the election.

Clerks Not Instructed

...The student senate elections committee failed to cooperate with the S. G. A. in giving the S. G. A. sufficient time in which to select the girl ballot clerks and in instructing such clerks as to their duties.

There was no official means of identifying the ballot clerks as they came to assume their duties, and in at least one instance one girl not appointed by S. G. A. was permitted to serve as ballot clerk by an elections official.

Testimony taken indicates that ballot boxes were left unattended by officials and ballot clerks, and while being tranferred from one point to another on the campus were not properly guarded.

There was a general disorder at the booths and on numerous occassions voters were permitted to take their own ballots from the tables, and after voting them, allowed to deposit such ballots in the boxes themselves. This is in part due to the fact that the girl ballot clerks were given no instructions prior to appearing to assume their duties on the day of the election, and in some cases were given no instructions whatever.

Provide for Code

There were many instances where students attempting to vote found their names already checked as having been voted by someone else.

In the past, there has not been a definite or specific code of election regulations for the proper guidance of the election officials in conducting elections. The student court, in an effort to remedy existing conditions, have drawn up definite recommendations which have been submitted to the student senate. The senate has been cooperating with the court in devising measures to prevent a recurrence of the last election scandal.

The court has submitted the following recommendations to the senatew hich it hopes will be incorporated into the elections code now being formulated:

1. The names of all elections officials should be published in The Daily Cardinal a sufficient time prior to the election at which they are to serve as officials to permit students to protest any names of those actively interested in the outcome of the election.

Must Present Fee Card

2. The list of the girl ballot clerks ought to be posted in a conspicuous place in Lathrop hall at least one week before the election at which they are to officiate so as to allow students to protest those not qualified to act impartially.

3. At each booth on election day during the entire period of voting there should be posted in a conspicuous place the list of all ballot clerks officiating at such booths together with the exact hours at which they are to serve. This will prevent any unauthorized person from assuming the duties of clerk.

4. All students must be identified by presenting their fee-cards before being permitted to vote, and each fee-card of a student voting is to be stamped with a rubber stamp by a ballot clerk which will show that such fee-card has been voted at that election. This appears as a practical and easily workable means of avoiding the all too prevalent practice of someone voting under his own name and also under someone else's.

5. The face of each ballot should be initialed by a clerk when presented to the voter, and initialed on the folded portion by the other clerk who deposits the ballot in the box.

6. Election officials may not be candidates for election to any office in the election at which they are officiating.

Authorized for publication by a quorum of the student court this sixteenth day of January, 1924.

T. R. HANNON,
Chief Justice.
George R. Currie,
Secretary.

Men's Groups Join in Discussionals On World Affairs

Discussionals and fellowship clubs will be established in the fraternities and in men's rooming houses and in neighborhod groups, Arno Haack '25, chairman of the Y. M. C. A. committee in charge of organizing this work, announced yesterday.

Several of the 30 fraternities that have consented to take up the idea of chapter discussionals have already decided to talk over campus and world affairs, it was said yesterday.

At noon today representative men from every fraternity, rooming house, and each student neighborhood will have luncheon at the Y. M. C. A. and will discuss the problems. Prof. A. B. Hall, chairman of the board of directors of the university association, will speak to the men.

Beginning the first part of the second semester, these discussions will be held weekly to arouse interest for the religious conference to be held February 29 and March 1 and 2. The list of subjects have been prepared from subjects in which Sherwood Eddy, the conference speaker, has suggested.

Robert Zinn '27 has charge of organizing the groups and naming the chairmen. Coaching classes will be held each Friday noon; a university professor will outline the work to be discussed the following week.

Dean Enumerates Benefits of League Of Women Voters

"The benefits of the collegiate league of women voters to the university women are three-fold." Dean F. Louise Nardin told the 35 members present at the annual banquet of the organization held in the Y. M. C. A. parlors at 6 o'clock last night.

"The league, besides promoting an intelligent understanding among university women of the current economic, social and political questions of the day, gives them a chance to turn discontentment into activity. Secondly, it gives college women excellent training in choosing how to apply their discontent constructively which will be a great aid when they come to the ballot box, and lastly it gives the women a chance to learn, through the study of certain problems the necessity of cheerful compromise."

STURGEON BAY—Michael Ellenbecker, former Sawyer manufacturer, died at his home in Ephraim at the age of 55 years. Death followed a few days' illness of Diphtheria. He is survived by a widow and eight children.

FOR YOUR BABY

Wern Farm's Certified Milk

The Last Step In Raw Milk Production

Many Madison mothers have found in Wern Farm Certified the ideal Milk for their children. But we want every Madison Housewife to know just how safe, clean, and delicious Wern Farm Certified Guernsey Milk really is. So for one week only we will deliver a free trial quart and take your order for daily deliveries. In case the trial quart is not satisfactory you may cancel your order without charge. Get the trial quart and see for yourself—without cost—why there is no better milk upon the market at any price.

When Using Wern Farm Certified

FIRST, note the rich, pure flavor of Wern Farm Certified Guernsey Milk. Tests taken by the Madison Board of Health prove this milk to average practically 5% butterfat. SECOND, observe how long it keeps sweet. When you consider that this milk has not been pasteurized, its super-cleanliness and safety is at once apparent. THIRD, note the hooded seal over the mouth of the bottle, absolutely protecting the milk against contamination.

This milk is bottled on the farm, where the air is pure and dustless, and shipped sealed, in iced cases, so that it reaches your table as pure as nature made it.

Trial Quart FREE

Telephone Badger 7100, The Kennedy Dairy Co., and ask them to book your order for Wern Farm Certified Milk. If you do not like the first quart you get, you may cancel your order without charge.

Snow Speaks At Rotarians' "Ladies Night"

Shows Slides of Flakes at Dinner; Buckman Gives Dance

"Ladies' night" of the Rotary club was celebrated at a dinner in the Park hotel Thursday night. Prof. Benjamin Snow gave his famous snow flake lecture. He illustrated it by the slides which form the largest similar collection in the world save those owned by their maker, W. A. Bentley, who lives in the tiny town of Jerico, in Vermont.

"Mr. Bentley has photographed some 3,000 or 4,000 crystals and they all differ," Prof. Snow said.

B. E. Buckman, chairman of the entertainment committee, gave a dance. Among those present were: Mr. and Mrs. J. W. Jackson and daughter, Mr. and Mrs. H. O. Teckemeyer, Mr. and Mrs. J. H. Breitenbach, Mr. and Mrs. B. E. Buckman, the Rev. and Mrs. A. J. Soldan, Mrs. C. W. Karstens, Mr. and Mrs. O. F. [illegible], Mr. and Mrs. A. A. Frautschi, Dr. and Mrs. W. F. Lorenz, Mr. and Mrs. Irving Frautschi, Mr. and Mrs. G. P. Hambrecht, Mr. and Mrs. E. J. Frautschi, Mr. and Mrs. G. W. Botham, Mr. and Mrs. E. M. Douglas, Mr. and Mrs. Otto Har[illegible]. Among the out of town guests were Mrs. W. M. Chase, La Farge; Mrs. F. C. Holstein, Ft. Atkinson; Dr. Knowlton, Sparta. There were about 200 Rotarians and their wives present.

Scientist Honored

Dr. Barnett Sure, Formerly Of U. W., Made Member Of Chemists' Society

Dr. Barnett Sure, formerly of the University of Wisconsin, has been elected to the American Society of Biological Chemists. This society has 200 members in the United States, all of whom have made noteworthy contributions to science. Dr. Sure is one of the youngest men to be made a member. He has also been made a Fellow in the American Association for the Advancement of Science.

His research work in vitamines and amino-acids gained him recognition. During five years of experiment he discovered a modified method of studying amine acid deficiencies of proteins and proved the indispensability of proline, one of the group, for growth.

Dr. Sure obtained his Ph. D degree at Wisconsin.

Trace Anthrax-Filled Shaving Brush; Probe on

Report that the shaving brush which is claimed to have caused the death of Ferdinand Pluger at Neenah, Wis., from anthrax, was from a lot of brushes distributed by a Toledo, Ohio, firm was made to the state health department on Friday by F. H. Bowman, representative of the department who was sent to investigate the case. State Health officials have notified federal health authorities at Washington of the presence of the brushes in the state, it was announced.

Will Promote Officers Who Kill Philly Thugs

PHILADELPHIA—The first policeman to kill a bandit will be promoted is a promise made by General Smedley D. Butler in his campaign to clean up this city.

"I am tired of reading of messengers being killed by bandits," the general said. "The $16,000, defense fund donated by policemen for legal protection in event of their arrest in the performance of duty will be done away with. The city hereafter is to defend its policemen."

Defunct Bank Acquired By Second Institution

Consolidation of the Farmers and [illegible] State bank, Lancaster, by [illegible] State bank was announced by State Bank Commissioner [illegible] Parker Friday. The Farmers bank was taken over recently by the bank commissioner. No loss will be sustained by depositors as a result of the consolidation, Parker announced.

Resents "Cave Man" Stuff

Miss Jeanette Gilman.

Miss Jeanette Gilman, Boston typist, upset all of the dope about girls liking "cave man stuff." She frowned on—aye, she downright resented the advances of "Prince" Mohammed Khan. His pathological books call it "atavism" and the police call it something else again, but it was the call of his ancestral blood that probably caused Khan, a medical student at Tufts college, to force Miss Gilman to sign a marriage application at the point of a gun, she says. Police are seeking him.

Orphaned Boy Who Stole His Pleasure Will Be Given Another Chance By Judge

Just another one of the knocks of life added to the many he has received was the way John Knaggs 16 years old, arraigned before Judge A. C. Hoppmann in superior court Thursday on a charge of operating a car without the consent of the owner, looked upon the affair. But his troubles will soon be over and he will have a home, a father and mother, brother and sister and playmates just like the rest of the fellows.

"Johnny" was arrested after he had committed his first crime, a crime he committed because he was looking for fun. Everybody else was riding around in automobiles, so he decided to take a ride. Finding a car left unguarded Saturday night, he took the machine and went for a ride, leaving the car at a farmer's garage a few miles from Madison.

But police were on his trail. He was arrested, then summoned to court.

Johnny was one of a large family which formerly lived in northern Wisconsin. A few years ago his father died and the family moved to Madison. Without funds, the children were forced at an early age to shift for themselves. Johnny was sent to school for a while and then placed on a farm by the Rev. David Richardson, of the Children's Home Finding society.

Although overworked, underfed and underclothed while on the farm he never complained. On his own, he finally left that farm to seek other employment. Finally he returned to Madison and secured work in the kitchen of a local hotel.

He is a good worker, his former employers told the Rev. Richardson.

But the Rev. Richardson, who has faith in the boy, remembering that the other boys in Johnny's family have made good in spite of their handicaps, asked Judge A. C. Hoppmann that he be allowed to take charge of the youthful offender.

Rose Tummer, Nurse, Is Claimed By Death

Miss Rose Trummer, 42, a professional nurse, died at the home of her sister, Mrs. Oscar Tauber, Bellevue court, South Madison, after an illness of about a year. Her death occurred Thursday afternoon. Two brothers and another sister, all of whom reside out of the city, also survive. Funeral services were held at 3 o'clock Friday afternoon at the Fitch undertaking parlors. The remains will be taken to Bethel, Wis., for interment.

Mail Income Blanks to 7,500 County Farmers

Income tax blanks for farmers have been sent to approximately 7,500 Dane county farmers, according to H. R. Briggs, county income tax assessor, who mailed the blanks. Tax blanks for individuals have not as yet been returned from the printers, Mr. Briggs stated. When they are received, about three weeks of work will be required to address envelopes and send out the blanks.

Mason May Ask For Assistant Commissioner

Building Inspector's Office Crowded, Claim

An assistant for the city building commissioner's office may be asked at the next meeting of the city council. The request will be made with the plea that inspectors are unable to make the inspections on new buildings because they must stay in the office part of the day to do clerical work.

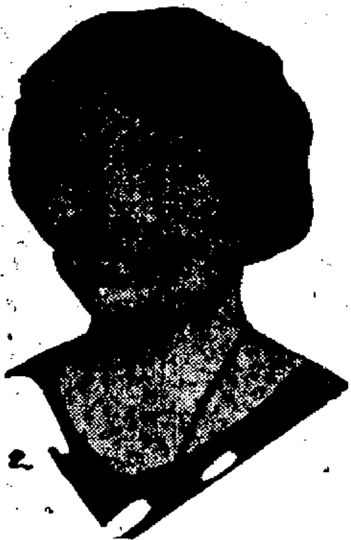
In the electrical department alone, 2,100 permits were issued in 1928 and about 6,000 inspections made, Fred Gratz, inspector, reports. G. H. Mason, building commission, has been forced to virtually give up some inspections due to the number of people coming into the office for permits or information on new buildings demand that someone be in the office. Appointment of a clerk would place someonet in the office and permit Mr. Mason, Mr. Gratz and James O'Connell to spend more time in the field.

Mrs. Mary Niederer Summoned By Death

Mrs. Mary Niederer, wife of John Niederer, 1029 E. Goraham st., passed away late Friday morning. Beside her husband, she is survived by two daughters, Amy K. Niederer at home and Mrs. G. H. McClay of Hammond, Ind., two sons, Edward of Mazomanie and John T. Niederer of Minneapolis; a brother, George Maulbetch of Middleton, and a sister, Mrs. Barbara Haist of Houghton, Kan. The body is at the Frautschi funeral parlors. Funeral services will be held Sunday afternoon at the home, the Rev. George E. Hunt of Christ Presbyterian church officiating. Interment will be at Forest Hill cemetery.

HURLEY — Edward Lesard, who pleaded guilty to throwing a butcher knife at his wife, was sentenced to Waupun for eighteen months by Judge R.sjord.

STILL SPREADING GOSPEL OF HOPE



Latest photo of Helen Keller.

This photo of Helen Keller, world famous deaf mute, was taken a few days ago in New York City where she is just now spreading the gospel of hope and courage as she tells how the fact that she was once deaf, dumb and blind, did not kill her determination to be happy.

"Pete" Burns Moves Store to New Location

Portrait Shop Moves; Burns Gets Vacated Building

"Pete" E. F. Burns, well known university haberdasher, will move from his present location in the front of the Panatorium Co. building to 608 State st., formerly occupied by the Portrait Shop. Mr. Burns plans to enlarge his present business and be permanently located by Jan. 21.

H. N. Hone, proprietor of the Portarit Shoj, will probably buy the interest of W. K. McKillop when he moves to the new store in the 700 block on State st. Mr. McKillop will continue to manage the McKillop Art Co. at 650 State st.

RIPON—George Sears, Madison, a sophomore, led Ripon college students during the first quarter with an average of 96.5. Fifteen students had averages of 93 or more.

"BLACK OXEN"

by GERTRUDE ATHERTON

Published by arrangement with Associated First National Pictures, Inc. Watch for the screen version produced by Frank Lloyd with Corinne Griffith as Countess Zattiany.

Copyright 1923 by Gertrude Atherton

XXVIII (continued)

"Am I overdressed?" she murmured. "I did not know. . . . I thought I would dress as if—well, as if I had been invited by one of my own friends——"

"Quite right. To 'dress down' would have been fatal. And Gora must spend a small fortune on her clothes. . . . But you . . . you . . . I have never seen you——"

"I am fond of green," she said lightly. "Couleur d'esperance. Shall we go down?"

He followed her down the stairs and before they reached the crowded room below he had managed to set his face; but his heart was pounding. He gave Gora, who came forward to meet them, a ferocious scowl, but she was too much engaged with Madame Zattiany to notice him; and so, for that matter, was the rest of the company. Miss Dwight's gown was of black satin painted with flaming poinsettias, and Clavering saw Madame Zattiany give it a swift approving glance. Around her thin shoulders was a scarf of red tulle that warmed her brown cheeks. She looked remarkably well, almost handsome, and her strange pale eyes were very bright. It was evident that she was enjoying her triumphs; this no doubt was the crowning one, and she led Madame Zattiany into the room, leaving Clavering to his own devices.

It was certainly the "distinguished party" he had promised. There were some eight or ten of the best-known novelists and story-writers in the country, two dramatists, several of the younger publishers, most of the young editors, critics, columnists, and illustrators, famous in New York, at least; a few poets, artists; the more serious contributors to the magazines and reviews; an architect, an essayist, a sculptress, a famous girl librarian of a great private library, three correspondents of foreign newspapers, and two visiting British authors. The men wore evening dress. The women, if not all patrons of the ranking "houses" and dressmakers, were correct. Even the artistic gowns stopped short of delirium. And if many of the women wore their hair short, so did all of the men. Everybody in the room was reasonably young or had managed to preserve the appearance and spirit of youth. Clavering noticed at once that Mr. Dinwiddie was not present. No doubt he had been ordered to keep out of the way!

Miss Dwight led Madame Zattiany to the head of the room and enthroned her, but made no introductions at the moment; a young man stood by the piano, violin in hand, evidently waiting for the stir over the guest of honor to subside. The hostess gave the signal and the guests were polite if restless. However, the playing was admirable; and Madame Zattiany, at least, gave it her undivided attention. She was, as ever, apparently unconscious of glances veiled and open, but Clavering laid a bet with himself that before the end of the encore—politely demanded—she knew what every woman in the room had on.

The violinist retired. Cocktails were passed. There was a surge toward the head of the room.

Clavering had dropped into a chair beside the wife of De Witt Turner, eminent novelist, who, however, called herself in print and out, Suzan Forbes. She was one of the founders of the Lucy Stone League, stern advocates of the inalienable individuality of woman. Whether you had one adored husband or many, never should that individuality (presumably derived from the male parent) be sunk in any man's. When Suzan's husband took his little family travelling the astonished hotel register read: De Witt Turner, Suzan Forbes, child and nurse. Sometimes explanations were wearisome; and when travelling in Europe they found it expedient to bow to prejudice. Several of the Lucy Stoners, however, had renounced Europe for the present, a reactionary government refusing to issue separate passports. You took your husband's name at the altar, didn't you? You are legally married? You are? Then you're no more miss than mister. You go to Europe as a respectable married woman or you stay at home. So they stayed. But they would win in the end. They always did. As for the husbands, they were amenable. Whether they really approved of feministics in extenso, or were merely good-natured and indulgent after the fashion of American husbands, they were at some pains to conceal. All the bright young married women who were "doing things," however, were not Lucy Stoners, advanced as they might be in thought. They were mildly sympathetic, but rather liked the matronly, and possessive, prefix. And, after all, what did it matter? There were enough tiresome barriers to scale, Heaven knew. This was the age of woman, but man, heretofore predominant by right of brute strength and hallowed custom, was cultivating subtlety, and if he feminized while they masculinized there would be the devil to pay before long.

Miss Forbes was a tiny creature wholly feminine in appearance and in spite of her public activities, her really brilliant and initiative mind, was notoriously dependent upon her big burly husband for guidance and advice in all practical matters. When they took a holiday the younger of his children gave him the least trouble, for she had a nurse; he dared not give his wife her ticket in a crowd lest she lose it, far less trust her to relieve his burdened mind of any of the details of travel; nor even to order a meal. Nevertheless, he invariably, and with complete gravity, introduced her and alluded to her as Suzan Forbes (she even tabued the Miss), and he sent a cheque to the League when it was founded. His novels had a quality of delicate irony, but he avowed that his motto was live and let live.

Miss Forbes was not pretty, but she had an expressive original little face and her manners were charming. Janet Oglethorpe was a boor beside her. It was doubtful if she had ever been aggressive in manner or rude in her life; although she never hesitated to give utterance to the extremest of her opinions or to maintain them to the bitter end (when she sometimes sped home to have hysterics on her husband's broad chest). She was one of Clavering's favorites and the heroine of the comedy he so far rejected.

She lit a cigarette as the music finished and pinched it into a holder nearly as long as her face. But even smoking never interfered with her pleasant, rather deprecatory, smile.

"It must be wonderful to be an authentic beauty," she said wistfully, glancing at the solid phalanx of black backs and sleek heads at the other end of the room. "And she's ravishing, of course. The men are sleepless about her already. Do assure me that she is stupid! Nature would never treat the rest of us so unfairly as to spare brains for that enchanting skull when she hasn't enough to go round as it is. I believe I'd give mine to look like that."

"She's anything and everything but stupid. Ask Cora. They've met already."

"Well, there's something," she said wisely. "Law of compensation. Although any woman who can look like that should have a special dispensation of Providence. Are you interested in her, Clavey?"

"Immensely. But I want to talk to you about another friend of mine." And he told her something of Anne Goodrich, her ambitions, her talents, and her admiration of the new aristocracy.

Suzan Forbes listened with smiling interest and bobbed her brown little head emphatically. "Splendid! I'm having a party on Thursday night. Be sure to bring her. She'll need encouragement at first, poor thing, and I'll be only too glad to advise her. I'll tell Tommy Treadwell to find a studio for her. I've an idea there's one vacant in The Gainsborough, and she'd love the outlook on the Park. Witt can help her furnish; he's a wonder at picking up things. Mother can furnish the kitchenette. Do you think she'd join the Lucy Stone League?"

"No doubt, as she was brought up in the most conservative atmosphere in America, she'll leap most of the fences after she takes the first. But I don't think she's the marrying kind."

"I shall advise her to marry. Husbands are almost indispensable in a busy woman's life; and there are so many new ways of bringing up a baby. D'you like my gown?"

It was a charming but not extravagant slip of bright green chiffon and suited her elfishness admirably, as he told her.

"I paid for it myself. I pay for all my gowns, as I think it consistent, but I can't afford the expensive dressmakers yet. At least I think I've paid for it. Witt says I haven't and that he expects a collector any day. But I must have, because I told her to send the bill at once so that it wouldn't get lost among all the other bills on the first of the month. Your column's been simply spiffing lately. Full of fire and go, but rather—what shall I call it—explosive? What's happened, Clavey?"

"Good of you to encourage me, Suzanna. I'd thought it rotten. What are you working at?"

"I've just finished a paper on John Dewey for the Atlantic. I was so proud when Witt said he hadn't a criticism to make."

(To Be Continued)

Year's Building Record Shows Slight Decrease

Contracts for new buildings in Wisconsin issued during December amounted to $4,195,700, according to the F. W. Dodge Corp. This was an increase of five percent over the November total and 12 percent less than that of December, 1922. Construction during the past year amounted to $74,669,600 in the state, as compared with $75,230,200 for 1922. A decline was shown in educational and industrial projects. The year's record was divided as follows: For residential buildings, $24,046,00 or 32 per cent; public works and utilities, $21,489,600; or 29 per cent; business buildings, $10,262,000, or 14 per cent; industrial buildings, $7,305,000, or 10 per cent; educational buildings, $5,163-500, or 7 per cent.

SUGGESTIONS

Try stitching on a sewing machine with a coarse needle and no thread instead of having material hemstitched when you want to crochet around an edge. Cut quite close to the stitching.

Uncle Wiggily's Bedtime Stories

By HOWARD GARIS

(Copyright, 1923 by McClure Newspaper Syndicate.)

UNCLE WIGGILY AND BOBBY'S SPLASHES.

Once upon a time, as Uncle Wiggily was hopping through the woods looking for an adventure, the rabbit gentleman saw a queer little house built up in a tree. The queer little house wasn't far above the ground, and on the tree were short branches sticking out. These short branches were like a ladder.

"Why, that's the tree house, where Bobby and Betty Ringtail, the raccoon children, life," said Uncle Wiggily to himself, as he twinkled his pink nose. "I didn't remember that I was so near them. I will stop in and pay Mrs. Ringtail a visit."

Mrs. Ringtail was a raccoon lady and the reason she had such an odd name was because she had dark rings of fur on her tail—dark rings and light rings of fur had the raccoon lady, and so, also, had Bobby and Betty. The raccoon lady had little black paws, very much like your hand, and she could pick up things almost, if not quite, as well, as you can. So, also, could Bobby and Betty.

"Yes, I'll stop and pay a call on Mrs. Ringtail," said Uncle Wiggily. He hopped over toward the house in the tree. The ladder, made of short branches sticking out, was so easy to climb that the rabbit gentleman had no trouble in the least. He looked down toward the ground when he was up on the platform where the house was built. Below him Uncle Wiggily saw a little pond of water partly frozen over.

"I should not like to fall into that pond of water," said Uncle Wiggily to himself as he was ready to knock on the door. "I wonder why Mrs. Ringtail has water so near her house?" Uncle Wiggily was soon to learn why.

"Oh, Uncle Wiggily! Come in!" invited Betty, the little raccoon girl who was Bobby's sister.

"Thank you," replied the rabbit gentleman. "Is your mother at home?"

"No, Uncle Wiggily, she isn't," answered Betty; drying her little black paws, like hands, on her apron. "But come in just the same, Bobby and I are glad to see you. Oh, oh, Bobby!" she called, "Uncle Wiggily is here! Now you'll do it; won't you?"

"Do what?" asked the bunny gentleman. "Was there something Bobby didn't want to do?"

Come in! invited Betty.

"Yes, there was," answered Betty. "Mother told me to get supper ready while she was gone, and she told Bobby to help me. But he wouldn't——"

"Yes, I will, too! Don't be a tattle tale!" cried Bobby, coming from the kitchen. "Give me the fish, Betty, and I'll wash it in the pond."

"Oh, so that's what you didn't want to do; was it?" laughed Uncle Wiggily. "Wash the fish, eh? But Bobby and Betty—if you wash the fish in the water of the pond he may swim away and you won't have any supper."

"Oh, ho! this fish can't swim away!" laughed Bobby. "He's only a piece of dried codfish."

"I love codfish," said Betty, "and we're going to have it for supper. I wish you'd stay Uncle Wiggily."

"Thank you," replied the rabbit gentleman, "but I never eat fish, no matter how good it is. However, I should like to see Bobby wash the codfish. Why does he do it?"

"Oh, we raccoons always wash everything before we eat it," answered Bobbie. "Except, maybe, green corn, but there isn't any of that now. Give me the fish, Betty, and I'll go down and splash it in the pond to make it clean."

"He didn't want to do it at first," whispered Betty to Uncle Wiggily, as Bobbie started to climb down the tree ladder. "He said I could wash the codfish myself. But when you came—well, I'm glad you came," and Betty smiled at the bunny gentleman.

"I'll go down and watch Bobbie splash the fish in the pond," said Uncle Wiggily. "He might slop on the ice and I could pick him up."

While the rabbit gentleman was watching Bobbie plash the salty piece of fish in the open part of the pond, all of a sudden, out of the bushes sprang the Weasel.

"Oh, ho!" cried the Weasel. "Now I'm going to nibble Uncle Wiggily's ears! Now for some nibbles!"

"Yes, and now for some splashes!" cried Bobbie. Then the brave little raccoon boy dipped his paw, like a hand, in the water where he was washing the fish, and splashed a lot of water in the face of the bad Weasel.

"Oh, Kippie! Kippie! Kippie!" howled the weasel. And with water in his eyes and up his nose he flipped a back somersault and ran away.

"Thank you, Bobbie, for saving my ears," laughed the bunny.

"You are very welcome," answered the raccoon boy. Then he finished splashing and washing the fish and the Ringtail family ate it for supper.

And if the cow bell doesn't ring in the middle of the night and wake up the gold fish in the canary bird's cage, I'll tell you next about Uncle Wiggily and the saxophone.

The Tenth Year

By LAINE LANE

COUSIN MAMIE CLOUDS THE HORIZON

A little after six Fred locked the door of the garage, walked across the newly seeded yard and entered the back door, nodding to dusky Hannah as he went in. Evelyn met him in the hallway.

"Fred, the piano people called up after the collector left and said that if we didn't make some sort of arrangements about payments within two days they would send out and get the piano. And Violet's teacher is com—"

Fred burst out: "How many times have I told you not to disturb me at the office with things like this! Do you want the stenographer to hear and tell it all over the office?"

"But, Fred, I had to let you know, and besides, what harm is there to come if she does hear—what business has she to hear?

He sat down and jerked up a newspaper savagely.

"What business? What business have women ever got sticking their noses into other people's business? You talked so loud over the phone that I wouldn't be surprised if it was all over the office tomorrow that I couldn't make payments on a piano."

Fred Jille was prone to exaggerate things.

"Fred. Why don't you pay the piano people?" She looked at him in a puzzled manner as if it had just occurred to her to ask the question.

"Why don't I pay them. You know why! You ought to know why! You bought so much junk when we moved in here that we haven't got any money. And you aren't satisfied. You don't think the house is good enough. You want things like Mrs. Warren, and her husband makes $100,000 a year. We've just got to economize — ECONOMIZE—for awhile, that's all there is to it."

"You talk about economy — ECONOMY—With all your automobile fixtures and the membership you bought in that club of drunkards and—"

"But, Ev, I've got to have those things. It's a big help to me in my business. I get to meet men—" The lame sentence was lost in his mouth.

"Well, Fred Jille, there's just this about it. That piano must not go out of here. You've got to pay them tomorrow morning. Do you hear?

At dinner something suddenly occurred to Evelyn.

"Oh, Fred, Cousin Mamie is going to come to visit us tomorrow. She called up today—"

"Evelyn! I told you," he started to speak, then threw his hands up in the air.

Car Stolen Here Found Abandoned Near Waupun

Recovery of the Chevrolet touring car belonging to Glaton Sperling was reported by police late Tuesday afternoon. The machine, which had been stolen Sunday night, was reported to have been seen on a road near Waupun. Detective Robert Putnam and Driver Maurice Mackessey returned the car to Madison.

PHILLIPS—During December and up to the present, fourteen wolves twelve wildcats and six foxes have been presented at the office of County Clerk Jones for bounties.

CHILD'S STORY OF THE HUMAN RACE

By Uncle Ray

Copyright John F. Dille

TRAINING FOR KNIGHTHOOD

When a lord or baron had more than one son, he had a task to decide what to do with his land after he died. Sometimes he gave it all to his eldest son, and the rest of his sons had to shift for themselves.

In other cases, the land was divided among the sons. This meant that estates became much split up. Often the amount of land a son got was very small indeed.

So it happened that many sons of nobles were left with little or no land.

The fathers knew this would happen, so they did what they could to keep their sons from "sinking into the ranks of the common people." The chief thing they did was to have the boys learn to be knights.

Until the age of 7, the son of a knight or noble was under the care of his mother. Then began his training for knighthood.

If the lad was the son of a rich noble, he might be kept in his father's castle. Otherwise he was likely to be sent away to some larger castle.

From 7 to 14 the lad served as page. He had to do things for the "lord and lady." It was common for him to wait on table, or to go hunting with the lord and hold extra spears or arrows in readiness for his master.

The page was taught a little about reading, perhaps by a priest who lived in the castle. He sometimes learned to play the harp, and sang romantic songs as he played.

After he was 14, the youth served as a squire. His chief duties were armor. He curried the steeds almost every morning, and looked to see that their shoes were on tight. Another job was to polish his lord's helmet and shield, and to see that the lord's coat of mail did not get rusty.

Sometimes the squire would go into the ballroom. He had duties even there, but they were not unpleasant. He must have enjoyed watching the dancing and listening to the music. No doubt he drank in eagerly snatches of the talk always going on at the parties.

Toy knights were sometimes carved from wood. Squires would get together and push the horses and men together. The leveled lances would strike the knights. If both lances were broken, it was a tie. If one lance was broken, the other not, the victory was awarded to one of the squires. No doubt he felt himself quite a "cock of the walk."

Most fun of all came when the squire went with his master in search of adventure. The squire was not allowed to wear armor. His work was to ride near the lord carrying lances, the shield and perhaps the helmet of the lord.

The lord did not want to be weighed down by these things. His armor was plenty for him to carry until it came time for a fight. Then the squire made haste to supply him with his shield, helmet and a lance.

After serving in this manner until he was 20 or 21, the youth was ready to be given the "spurs of knighthood."

NEXT—HOW KNIGHTS WERE "DUBBED."

Milwaukee Bus Line to File New Rates Here

Fare increases on all the routes covered by the Wisconsin Motor Bus Lines, operating two cars daily to Madison, are in immediate prospect, according to an announcement at the offices in Milwaukee. Exactly what the increase would be was not stated, although it was said that it would amount to "10 per cent or more."

Although rate changes on bus lines must be filed with the railroad commission under the state law, no notification has been received, according to W. M. Dinneen, secretary of the commission. The approval of the commission is not necessary. The increases will take effect this month, it was declared.

Woman Beaten By Mate Released From Hospital

Mrs. Thomas Kaczynski, 1935 E. Johnson st., severely beaten by her husband two weeks ago, has left the General hospital and returned to her home. Her husband recently was placed on strict probation for one year and forbidden to live with his family.

Central High Meets Kenosha, Badger Preps Play Oregon Tonight

East Side Cagers Meet Monroe; Deanmen See Tough Foe In Villagers

U. W. High Gym Will Be Scene of Interesting Scrap

GAMES THIS WEEKEND
Central vs. Kenosha at Madison
U. W. High vs. Oregon at Madison
East High vs. Monroe at Monroe
Saturday
Central vs. Beloit at Beloit

By RAY BUELLESBACH

Madison Central and Wisconsin High will be the scene of two of [illegible] battles of the year tonight [illegible] the Orange and Black five takes the Kenosha team into camp at the Central gym and the Deanmen [illegible] with the strong Oregon [illegible].

[illegible] game at the Central high, [illegible] will have to play [illegible] best game of the year to beat [illegible] City team, as Kenosha [illegible] Madison with a strong record. Last year, the visitors won [illegible] Milwaukee district tournament [illegible] also held high honors in the state tournament. They bring practically the same team that holds [illegible] record with the exception of [illegible] men who were lost to the [illegible] through graduation. If [illegible] Centralites can [illegible] the Kenosha five, they will be [illegible] claiments on the [illegible] and state title. Mike Tri-[illegible] handed in his suit Wed-[illegible] was again on the [illegible] Thursday.

A preliminary game between the [illegible] and the Vocational [illegible] will begin the evenings [illegible] at 7:15 promptly [illegible] the main feature of the program will commence immediately after the preliminary game, which [illegible] p. m.

At the Badger Prep school, the [illegible] will have the hardest time of their lives trying to put the Oregon [illegible] the side of the [illegible] for the championship.

A battle [illegible] expected to result as both teams have a high average for this season and are [illegible].

Coach Arthur Morrow takes his [illegible] to Monroe this afternoon to mix with the Monroe high school quintet. Among the [illegible] that Morrow will select to make the trip will be, Howard Mor-[illegible], Orville, Amoth, [illegible], Clark, Krogrenger, and M[illegible]. The team will [illegible] St. Paul Railroad Friday afternoon. The East team [illegible] favored in the tilt as far as comaprison of scores go.
far as comparison of scores go.

Saturday afternoon, Coach Johnson will take his Orange and Blacks to Beloit for a return game with the Border City. December 20 saw the first defeat that the Beloit five suffered this season, the Johnsonmen putting the Beloit cagers on the shelves for a 18 to 17 beating [illegible] two overtime periods.

Firestones to Meet Pilgrims Saturday Night

Great Game Expected at "Y." Triangles Play Baraboo

A basketball game that will reveal coached, organized playing will be witnessed at the Y. M. C. A. Saturday night when the Pilgrims, leaders of the Madison Church League and "Chuck" Rieder's Firestone quintet clash for the title as "The Best Team In Madison." The way the dope stands now, the Firestones seem to have the edge. As the Pilgrim team has not been going their best lately, Coach Eldred is not looking forward very earnestly to a victory.

Chuck Rieder will start his usual lineup, using men, that have made names for themselves in high schools and other places. "Ike" Carroll, Ed Smith, Sid Tallard and Russel Conlin are all Madison high school grads. Tallard and Smith played together for three years in the school not mentioning the many times that they have been seen together in other battles. "Stoney" Morgan, Marqdette University grad played with that team for several years is also with the Firestones.

The probable lineup:

Firestones		Pilgrims
Tallard	RF	Kendall Andersen
Carroll	LF	Jaquish
Smith	C	Reed
Morgan	RG	Lang
Conlin	LG	Beers

In the preliminary game, the Triangle cagers of the Y will shake hands with the Company G Legion team of Baraboo.

The preceeds of these two basketball games will be handed over to the German Relief Club. A large crowd is expected to attend the game.

Joe Lynch to Battle McKenna at New Orleans

NEW ORLEANS—Joe Lynch, bantamweight champion of the world, will make his debut before a local fistic audience as title-holder tonight in a scheduled 10 round no-decision bout with Eddie McKenna of New Orleans. The champion will enter the ring weighing around 120 pounds while McKenna will tip the scales at about 118. Lynch will receive $3,000 for his share of the purse and risks his title only by losing on a knockout.

ROUNDY SAYS

If Demetral Gets His New Hold On The Jap You'll Hear A Yell To Tokio

[illegible] my tip, those who like boxing had better get busy at once and get tickets for [illegible] Joey Sangor [illegible] Goozeman [illegible] in Milwaukee Jan. 28. Talk about your battles, this is the one that fighting [illegible] on from gong to gong.

• • •

I saw their last [illegible] and, [illegible] such a fight. Not a soul [illegible] that whole [illegible] crowd sat [illegible] their [illegible] when the gong sent these two [illegible] on their way. Such [illegible] gloves and fighting [illegible] I have never seen before in [illegible].

• • •

[illegible] will be scarcer for this [illegible] basketball tickets at the [illegible] who figure they [illegible] see me in person or [illegible] and I will get [illegible].

• • •

[illegible] Monday night at Turner [illegible] should be some action [illegible] Demetral with his new [illegible] to get it on this [illegible] be good if he can [illegible] then it is a hold [illegible] gotten on anybody. [illegible] hear that Jap yell to [illegible] he ever gets that new [illegible].

• • •

[illegible] runs into Roughhouse [illegible] running into a [illegible] tears the ring down [illegible] his man. Turner is [illegible] wrestler to Meyers in [illegible] weight, so Roughhouse will have to be there [illegible] stuff to down Turner.

• • •

[illegible] that piano tickler and [illegible] song writer at the Mad[illegible] out of a bet. His name is [illegible] Lagerquist and if that [illegible] don't write a song about [illegible] I will run it on the screen [illegible] Madison theater starting [illegible] Sunday. He has more [illegible] in that song about me [illegible] I thought St. Peter would [illegible] to me as I passed through [illegible] gates.

• • •

[illegible] Donahue a Madison boy, [illegible] piano player in the [illegible] Stars at the Orph got a [illegible] last night. No nicer clean [illegible] ever lived than Jimmie and [illegible] mighty fine to see the boy in action on the stage. The act is fast and snappy with the kid Frankie Alexander being the star in the cast with some of the finest dancing ever shown in this city. The folks in this city should pack them in to see Jimmie, a home boy, and a great kid. All in all the show is a winner.

• • •

Bill Chandler who dismissed his whole basketball team at Ames this week for going to a dance is a former Wisconsin basketball center. And fans will remember that no better center ever jumped up for a ball than Chandler. The dismissed stars which the captain is in with them will have to apologize to the student body before Bill will take them back. The thing has the school up in arms.

• • •

What was the matter with Kipke of Michigan this year. Kipke getting on Camps first team the year before [illegible] him. Headguards were hard to fit his head this year. This I get from men close with the team.

• • •

That is like when Michigan beat the Marines this year some of the players told Yost they thought the team played a good game. Yost said, what are you talking about, they scored. That stopped them.

• • •

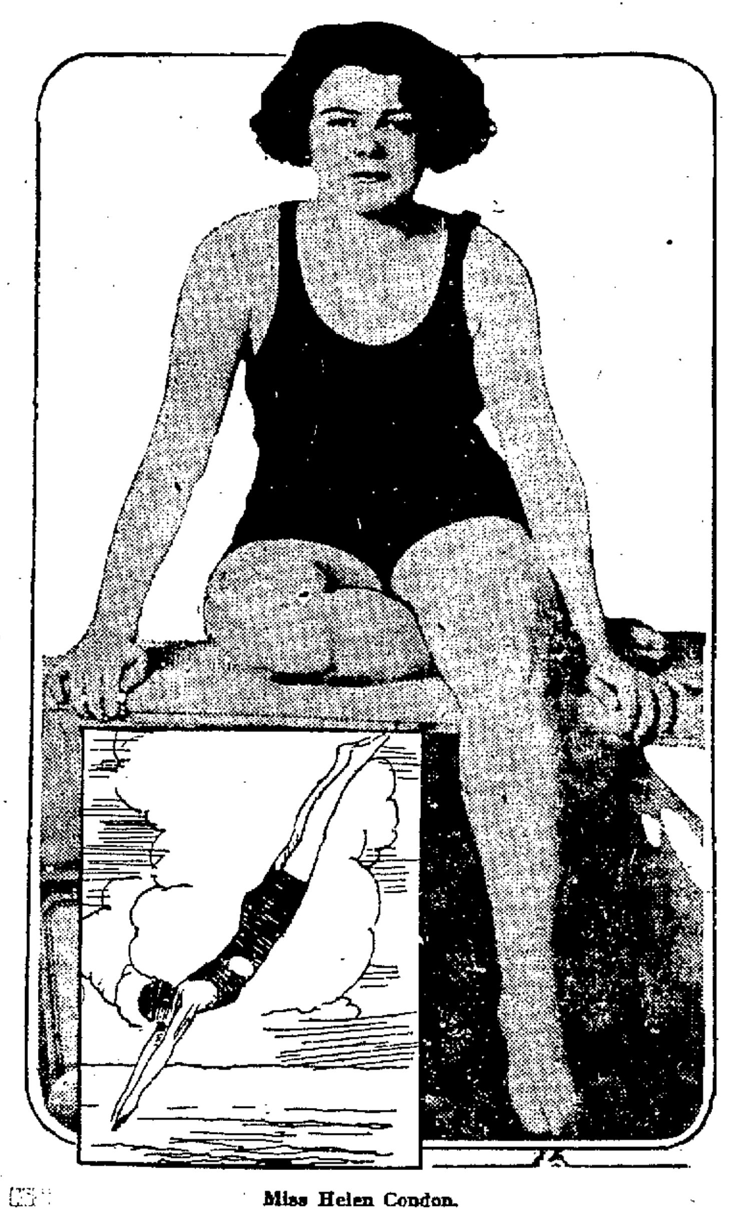
Dear Edwards, Illinois is the [illegible] conference basketball game held at Madison, yes, and try and get in that night. The fans are still thinking about them dropping [illegible] at football, it will be the night of the razzberries.

• • •

Bachelor

Tex O'Keefe Insurance man. — Tall and handsome and it's a crime to see him single and how this bird can play golf. Has a car and everything. His wife will have to be able to travel a lot as he takes in all football no matter where they are played and at basketball games he is sitting on the gym steps at six bells. His wife will have to believe in smoke screens as this boy Tex sure can shoot them out of that big pipe of his. It is the lucky women that gets this bird. She might have to work to help pay the big insurance premiums due every year on this bird. He carries plenty. Gives this fellow a big rocking chair and a wife that will let him smoke that pipe and the sporting page to read "Gee what a home this would be."

West Counts On Her to Shine



Miss Helen Condon.

Swimming critics and admirers of Miss Helen Condon's ability as a swimmer believe that this little maid from Omaha, Neb., will demonstrate in the tryouts next spring that she is ready to help defend America's supremacy in the swimming events in the Olympic games next July. She is only 19, but has been swimming three years and has been defeated only fourteen times in 150 events. She holds several records.

Iowa-Michigan Tilt Saturday Feature Game

Sam Barry Is Pleased With Hawkeyes' Work Now

IOWA CITY, Iowa—Encouraged but by no means over-confident because of the 36 to 26 win over the fast Purdue team, the University of Iowa Basketball five will face one of the hardest weekend trips of the season. On Saturday they meet Michigan at Ann Arbor and on the following Monday, January 21 they clash with Ohio State at the Buckeye capitol.

Sam Barry Is Pleased

Coach Sam Barry was well pleased with the driving, clever game his men showed against Purdue. It was the first time this year that the men played the basketball of which they are capable and the offense which gathered power as the game went on was beautiful to watch. Hector Janse, of Luburne, playing center for the first time in his conference career and up against the famous Captain Gullion ran wild in the second half to score five baskets after being held to one in the first period. Credit both for team and play and individual brilliancy goes to the other four men also; Laude of Monticello with clever floor-work and three baskets. Funk of Omaha with four baskets and a fine defensive game. Hicks of Brooklyn who turned in a great game at guard in spite of a painful leg injury and Schick, the new forward who handled the ball cleanly and shot two baskets.

Eleven More Games

The first conference game has been recorded in the win column but Barry knows that there are eleven other barriers to clear before the title is safe. Results this week will go far towards determining whether the Hawkeyes can come through.

Lew Tendler to Meet Pink Mitchell Feb. 1

NEW YORK—Three matches to be fought at out-of-town clubs were arranged here Thursday.

The first one will bring together Young Stribling and Billy Shade. They signed articles to meet in a 10-round bout at Atlanta, Ga., Jan. 28.

Another match will have Lew Tendler, Philadelphia welterweight, as the opponent of Pinkey Mitchell. They will have it out in a 10-round no-decision fight at Milwaukee, Feb. 1.

The third contest arranged will be staged at McKeesport, Pa., with Pete Zivic, the Pittsburgh bantamweight, meeting Larry Goldberg of Brooklyn. This bout is scheduled for 10 rounds to a decision.

Jimmy Demetral, Kilonis Wrestle to a Draw

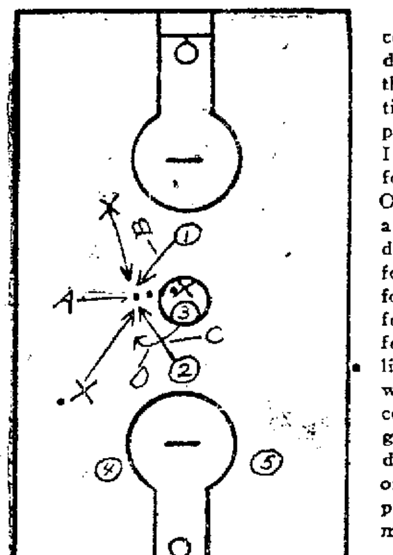
MILWAUKEE—Jimmy Demetral, claimant of the Greek middleweight wrestling championship, and John Kilonis of Chicago, challenger for the world title, wrestled to a draw at the Gayety theater Thursday night.

Each man obtained one fall, Kilonis taking the first after 35 minutes of grappling and Demetral winning the second in 15 minutes. Thereafter they struggled for the deciding fall without success until the midnight closing rule became effective and the match was called a draw.

My Winning Plays

By Dr. Walter E. Meanwell

COACH UNIVERSITY OF WISCONSIN
(WESTERN CONFERENCE CHAMPIONS)



Copyright, 1923, Sol Metzger

PLAY NO. 21

TIP-OFF FORMATION WHEN YOUR CENTER IS OUT JUMPED.

The regular formation with both forwards in their respective scoring areas, is too weak defensively to be retained when your opponents are controlling the tip-off. Under these circumstances, signal plays throwing four men on attack in a rapid descent on your two guards are certain to be worked successfully against you. Whenever, therefore, the opponents are able to control the center ball with certainty, it is advisable to pull your two forwards out of regular position with a view to strengthening the defense by a stronger formation at line-up.

In eleven years of Conference competition my centers have been decidedly out jumped in six of them. I found that control of the tip-off was worth about 8 or 10 points against regular formations. I also found that special defensive formations reduced this by half. Of the plays used on defense against a superior center three were found decidedly valuable. The triangle formation placed the best shooting forward, No. 1, or else the weakest forward, physically, in a position 5 feet up the court and in the midline. The rugged forward, No. 2, was placed 5 feet behind his own center and in the mid-line. The two guards, No. 4 and No. 5, were drawn back to form a secondary line of defense and were to cover the opponent forwards in the customary manner.

At tip-off, the center, No. 3, would occasionally bluff the jump and fall back (D) to one side or the other. Now and then he would jump his best to surprise his opponent and to keep him jumping his best. Often the center would be able to spoil the tip-off by these means. They would also weaken his opponent.

When the ball was tipped (A) both forwards, No. 1 and No. 2, drove in for it, (B) and (C) on the same side as the ball fell. This threw two men on the ball to the same number of opponents and so enabled No. 1 and No. 2 to secure the tip-off frequently and to more often tie up the opponent who did get it with a held ball.

The guards, No. 4 and No. 5, stuck close to their opponent forwards and rode them close and hard. If the play resulted in our securing the tip-off, one of our set floor plays, usually Play 20, was employed in counter attack.

By DR. WALTER E. MEANWELL
PIVOTS HARD TO COACH

Before discussing the technique of the pivots and how to coach them let me state that it is much less a task to teach them to the men than it is to inculate in the players the instantaneous appreciation of the opportunities for their use in actual play. The reaction to the use of the pivot in a certain situation must be reflex. If the player has to concentrate his thoughts on his pivot or any one of his technique activities, he will be unable to employ his mind properly on the tactics of his own and his opponent's team play — and that is his chief duty during play. To insure the reflex use of the pivot then, a great amount of time should be spent on its practice under the direct supervision of the coach. I have had a number of men who could pivot well when in unopposed practice, but who could not be gotten to use the pivot intelligently in actual scrimmage. On the whole though, it is only a question of the coach's health and patience holding out long enough for results to be obtained.

Many Different Pivots

There are at least four stopturns, or pivots, that are worth while. 1. The Front-Turn or Front Pivot; 2. The Reverse-Turn or Back Pivot Sideways; 3. The Half Pivot; 4. The Back-Pivot Forward. The nomenclature of basketball technique has not been established as yet, and so I must call these maneuvers by the names I have applied to them for years and have become accustomed to. These are sufficiently explicit so that the men readily acquire the terminology and that is the chief and only necessary virtue.

(Tomorrow—When to Use Pivots)

Big Prize List At State Ten Pin Tournament

Abaly, Hyland Still Leading In Cue Meet

Ray Fessenden Wins His First Game; Hein Gets Run of Five

THE STANDINGS.

Name	T.	W.	L.	R.	Pct.
R. Fessenden	30	1	1	4	.500
John Abaly	27	2	0	3	1.000
Joe Hyland	25	3	0	6	1.000
W. Hein	25	1	2	2	.333
C. Hoffman	24	4	2	3	.667
M. Colloday	23	2	2	5	.500
E. Nordness	23	0	4	2	.000
Fred Leutscher	22	2	4	4	.333
Roundy	22	1	1	2	.500
Clarence Lee	22	2	2	2	.500

By BRYN GRIFFITHS.

Joe Hyland and John Abaly continue to hold their lead in the three cushion billiard tournament at the Abaly parlors, although after some of the games Thursday it was apparent that the two 1000 per cent players would have their hands full before the meet closes.

Ray Fessenden, who has the heaviest handicap of any entry in the tourney, a total of 30, won his first game of the meet Friday, defeating W. Hein 30 to 21. Fessenden's victory gives him a 500 percentage. During the match, Hein got a high run of five.

Clarence Lee defeated Charlie Hoffman Friday, Lee getting his 22 points and Hoffman clicking off 22 of his 24 total. Lee won his second game of the afternoon by defeating E. Nordness 22 to 19. In his third game against Joe Hyland, Lee was vanquished by a 25 to 12 count. The tourney will continue until each man has met the other.

Propose Bout Between Stribling and Carpentier

MIAMI, Fla.—Definite proposals have been made for a bout in February between Young Stribling of Macon, Ga., and Georges Carpentier, French light heavyweight.

Reginald Siki Loses to Freberg, Two Falls

MINNEAPOLIS—John Freberg, Chicago heavyweight wrestler, threw Reginald Siki of Kansas City in two straight falls.

Shipp Expected To Surprise Joe Turner, Is Belief

"Roughhouse" Shipp

SPEAKING of mat performers, Madison fans who attend the big three-bout wrestling tourament at Turner hall Monday night are going to see a surprise in "Roughhouse" Shipp of Oklahoma. Not only is he a fast worker on the canvas, but Shipp has a bag full of tricks which he opens when necessity demands.

The main bout of the evening will be between Jimmy Demetral of Madison and Matty Matsuda, Japanese middleweight titleholder. This bout will start sharply at 10 o'clock regardless of the out come of the two preliminaries.

On the bill as preliminaries to the feature bout will be a match between Joe Parelli, Italian middleweight grappler, and Joe Willis of New York City, and another between Joe Turner and "Roughhouse" Shipp. There is considerable local interest also in Parelli's bout. Parelli has a large following in Madison and they will be there to see him in action Monday night. The advance ticket sales indcate that a big house will greet the performers.

Ray-O-Lites Cop Another; Retain Lead

French Battery Team Beats Carpenters By 33-9 Count

MADISON INDUSTRIAL LEAGUE

Team	W.	L.	Pct.
Ray-O-Lites	7	1	.875
Carpenters	6	2	.750
Madison College	6	2	.750
Company G.	4	4	.500
Forward Club	3	5	.375
Dodge Brothers	0	8	.000

The Ray-O-Lites of the French Battery are the undisputed leaders of the Madison Industrial league, after swamping the Carpenter quintet in the feature game of the night at the Y. M. C. A., Thursday night, winning the tilt 33 to 9. The French team played all around the Carpenters throughout the game, the score at the half being 15 to 0.

The team work and accurate shooting eye of Claire and Edwards was no match for any other man on the floor, both the men gathering 12 points each for his team.

At the Company G armory, the small Dodge Brothers quintet was defeated by the Company G team, being 33 to 8. Gettle, Hickey and Schmeltzer were the shining lights of the G five.

The Lincoln school gym was the scene of the best game of the evening, the Madison college five putting the Forward club on the racks, for a 20 to 14 score.

Indoor Baseball.

In the baseball games, it seems that the French Battery team is too influenced with basketball to attend to their duties in baseball. It seems that every time a baseball game is to be played with some other team, the French cannot play because some of the players of the basketball five will have to strain themselves in the game. Thursday night at the Y a game was to be played between the French and the Badger Shoe team. The French Battery team would not play the game because of the basketball game that would proceed the game.

At the Lincoln schol gym the Post Office whirling team completely outplayed the Madison College team, the score being 13 to 2.

Install Pumps To Flood Rink On Lake Soon

Pumps to insure satisfactory flooding of the skating rink on the lake will soon be installed, according to George Martin who is in charge of winter sports.

Pal Moran to Meet Kid Wagner In Bout

ST. LOUIS, Mo.—Pal Moran New Orleans lightweight, who is said to be in line for a championship bout with Benny Leonard as a result of his knockout victories over Charlie White and Johnny Shugrue, will trade punches with Eddie "Kid" Wagner of Philadelphia in the feature event of a boxing carnival here tonight. Moran has been here training for the past two days. The bout is scheduled to go ten rounds.

Bowlers Have Chance to Cut Into Cash Heavily 386 Five-Men Awards Up

$125 For Individual High Scores; All Haye Chance to Cop

By BRYN GRIFFITHS

WHEN Madison's first delegation of pin smashers head Janesville way Saturday, Jan. 19, where the state bowling tourney is to be held, they will have uppermost in their minds, the large cash prizes to be offered. The cash prizes this year are larger than in any previous year, and winners in the tourney are going to be quite a bit ahead at the end of the meet.

First prize in the five men event will be $425.00, and there are plenty of prizes along down the line for the highest quintets. There will be 386 five-men team prizes, totalling $9,315.00

In the two-men event, $170.00 is the prize up for the highest pair. There will be 286 two-men prizes, totalling $4,432.00.

A prize of $125.00 will be given the winner of the individual event. There are 532 individual prizes, totalling $4,433.00.

The official prize list follows:

Five-Men Prize List

1.	$425.00	46	35.00
2	375.00	47	35.00
3	325.00	48	35.00
4	275.00	49	33.00
5	235.00	50	33.50
6	205.00	51	33.00
7	185.00	52	33.00

Janesville Is Excited Over Ten Pin Meet

First Teams to Roll Tonight; Fenske on Job

(By the Associated Press)

JANESVILLE, Wis.—The 22nd annual tournament of the Wisconsin Bowling Association with its 1186 five-men teams, 1409 two-men teams and 2818 individuals—the greatest state pin tourney in the world—is set to go. The classic will open here tonight.

With the exception of Saturday night and Sunday, and a few shifts, the first five days of the great evefit will be given over to Janesville teams. Then, until 5 p. m., February 18, stars and boosters from 55 cities of Badgerdom will parade in and out of the Bower City trying their skill.

Fenske On Job

With the arrival here Thursday of William F. Fenske, secretary of the W. B. A. from Milwaukee, the turney building took on the scene of great activity in preparation for the initial squad.

The alleys were closed Thursday to permit workmen to get the 12 drives in perfect surface for the stupendous event. Every part of the equipment will be in tip-top shape and answer all requirements of the American Bowling Congress for a sanctioned meet.

Prizes for the meet will total $18,270, the largest amount ever hung up for a Badger tournament or for any state meet in the Universe. The winners in the five-man team event will get a slice of $8,500. The doubles will split a sum of $4,407. Those who compete in the singles will shoot for a distribution of $4,418. One hundred dollars are available in the all-events. In every division, first money has been increased this year. The team that cops the quintet section will get $425. In the doubles top money is $170. Individual winner will be dewarded with $125.

Harry Greb to Meet Wilson In N. Y. Ring

Boston Boy Has Chance of Copping Title

(By the Associated Press)

NEW YORK,—The world's middleweight title will be at stake tonight in Madison Square Garden when Harry Greb, Pittsburgh "wind mill" defends his 160 pound crown in a fifteen round match with Johnny Wilson of Bosto, the former champion.

Wilson has showed improved form in a recent come-back effort and his backers believe has an excellent chance to recover the championship Greb, however, finished his training yesterday with the assertion he was in excellent condition and would have no trobule making the class limit this afternoon. Tiny Jim Herman of Omaha and Jack McAuiffe, II, of Detroit, are matched in a heavyweight contest as the semi-final.

Frosh to Battle All-Americans On Hockey Rink Today

Hockey fans are invited to the lower campus at 3:30 o'clock this afternoon to watch a fast game which has been scheduled between the frosh and the all-Americans.

Up to date the frosh have had the edge in the intramural competition between the two squads, but they will have to fight hard today to retain their advantage.

The line-up for the match follows:

Freshmen		All-Americans
Emmert	R. W.	Halls
Mason	L. W.	Purvis
Jansky	C.	Sarles
Teich	R. D.	Carlson
Moorhead	L. D.	Von Rohr
Fish	G	Hilsenhoff

Varsity Matmen to Look On at Demetral Match

Varsity wrestlers and fans are going to journey to Turner hall Monday night to see Jimmy Demetral local favorite, and Matty Matsuda, Japanese middleweight champion, lock horns for the third time.

Both Demetral, and Matsuda, will be in the best of condition when the referee brings them together for the battle, promoters announced today. The Demetral-Mutsuda bout, which will be the feature event of the all-star wrestling tournament, will begin sharply at 10 o'clock.

Two other big bouts will be on the card. "Roughhouse" Shipp of Oklahoma will meet Joe Turner in a catch-as-catch-can battle. In the other, Joe Parelli, Italian middleweight champ, will defy Joe Willis of New York City to throw him. Tickets are on sale at Fischer's and Galvin's pool halls.

REPORT OF THE MARKETS

January 18, 1924

Corn Market Drops; Wheat Also Slumps

(By the Associated Press)

CHICAGO—Corn selling led by a house with eastern connections had a bearish influence on the corn market today in the early dealings and indirectly on wheat also and oats. Corn opening prices which varied from the same as yesterday's finish to ⅝ lower, May 79⅛ to 79⅝, were followed by a moderate general setback.

Coverings by shorts rallied the market later, but the upturn in prices was only transient. The close was heavy ⅝@½ to ⅞ net lower May 78¾ to 78¾@⅞.

WHEAT—Wheat eased down as a result partly of reported large shipments from Argentina and Australia. After opening unchanged to ¼ off, May 1.08¾ to 1.09 and July 1.07¼ to 1.07⅜, the market showed losses all around.

Further declines took place in the last part of the day. Argentine wheat was quoted at equal to about 10c per bushel under domestic. Prices closed weak, ½ to ¾@⅞ net lower, May 1.08¼@⅜ and July 1.06⅞.

OATS—Oats started at ⅛ off to ⅛ up, May 47½ to 47⅝. Later, all months receded a little.

PROVISIONS—Lower quotations on hogs weakened the provision market.

Stock Prices Trend Higher; Oil Is Heavy

(By the Associated Press)

NEW YORK— Stock prices tended upward again at the opening of today's stock market although the heaviness again cropped out in the Pan-American Petroleum shares. Early buying orders were well distributed among the rails, steel and a select assortment of specialties.

Some sharp gains were recorded among the specialties, United States Cast Iron Pipe advancing 3 points and National Lead, May Dept. stores, Utah Securities, Central Leather Pfd. Davison Chemical and Pittsburgh and West Virginia moving up 1 to 1½. Selling again broke out, however among the standard industrials, the general list showing a somewhat reactionary tendency before the end of the first hour. American Can, Baldwin and Corn Products each dropped a point and Studebaker yielded fractionally Foreign exchanges opened heavy, demand sterling dropping more than a cent to $4.23 and French francs dropping about twelve points to 4.51½ cents.

The closing was irregular. Sales approximated 800,000 shares.

MINNEAPOLIS— Flour unchanged; shipments 46,187 barrels. Bran unchanged 25.50@27.00.

Livestock

CHICAGO LIVESTOCK

CHICAGO—Hogs 56,000, moderately active; all interests operating; uneven mostly 15 to 25c lower than yesterday's average or fully 25 lower than yesterday's best time; bulk good and choice 225 to 300 lb. butchers 7.15@7.25; top 7.25; bulk desirable 180 to 210 lb. averages 7.00@7.10; better grades 160 to 170 lb. averages around 6.90; packing sows largely 6.60@6.70; slaughter pigs slow, weak to 25 lower; desirable 120 to 130 lb. averages mostly 6.25@6.50; heavy weight hogs 7.10@7.25; medium 7.00@7.25; light 6.75@7.15; light light 6.30@7.05; packing sows smooth 6.70@6.85; packing sows rough 6.50@6.70; slaughter pigs 5.50@6.50.

Cattle 5,000, good and choice yearlings active, strong; other grades yearlings and beef steers dull at Thursday's downturn; spots unevenly lower on short fed steers of value to sell at 9.50 downward; long yearlings 12.25; weight 1,026 lbs.; mixed steers and heifer yearlings 11.25; several loads youngsters 10.00@10.25; no choice heavies here: best handy weight steers 10.75; bulk short fed offerings 8.65@9.60; several lots warmed up kind downward to 7.00 and below; fat cows of value to sell at 6.00 and above, weak at 25 lower; other grades and canners and cutters about steady; bulls steady to weak; less desirable quality considered; veal calves steady; bulk 9.00@10.00 to packers; outsiders sedecting upward to 12.00; bulk stockers and feeders on country account late yesterday 5.25@7.00; country outlet slowed down due partly to low temperature.

Sheep 14,000; fairly active; steady good and choice fat wooled lambs mostly 13.40@13.65; one deck early to shippers 13.75; choice fedeing lambs 13.00; bulk 12.50@12.65; practically no early sales sheep.

ST. PAUL LIVESTOCK

SOUTH ST. PAUL—Cattle 1,300; moderately active at generally steady prices; top load lot steers early 8.25; several other loads held somewhat higher; bulk steers and yearlings 6.00@8.00; fat she-stock 3.25@7.00; bulk early 6.00 and down; canners and cutters 2.25@3.25; bologna bulls slow at Thursday's decline; early sales 3.75@4.50; stockers and feeders in light supply at firm prices; early sales largely 4.75@6.00; calves receipts 1,200; strong, quality considered; best lights to packers largely 9.0@9.25.

Hogs 14,500; averaging fully 25 lower; bulk desirable 175 to around 225 lb. averages 6.75; a few loads strictly choice medium and heavyweight butchers 6.85; 150 to around 170 lb. averages 6.50@6.65 packing sows around 6.00@6.25; stocker and feeder pigs early mostly 5.75; strong weight killers upwards to 6.85.

Sheep 1,200; about steady; three double decks choice fed western lambs averaging 74 to 85 lbs., 13.10, one double 97 lb. fed western yearlings 11.50; few native lambs 12.50@12.75; one load medium to good 104 lb. ewes 6.50; few choice handyweight ewes up to 7.50.

MILWAUKEE LIVESTOCK

MILWAUKEE—Cattle 200;; 15@25c lower; medium cows 3.75@4.00; canners and cutters 2.25@3.50; bulls 3.25@6.00.

Calves 200; steady, 6.00@10.00.

Hogs 1,500, 15@25c lower, 200 lbs. and down 6.75@7.00; 200 lbs. and up 6.75@7.15.

Sheep 100, steady 8.00@13.00; ewes 2.00@7.00.

Interesting Bits of News from Nearby Southern Wisconsin Towns

Stoughton Department

C. J. ROLL IS, Editor

Office First Floor, 102 East Main Street. Telephone 664 W.

STOUGHTON—Mrs. Charles Hippenmeyer has been a visitor with relatives of her husband in Madison.

Axel Hendrickson, Erling Landvick and William Seamonson go to Chicago at the week end for attendance Sunday upon the ski tourney. Mr. Landvick has been a participant in numerous ski evets and Mr. Hendrickson was the only ski umper, who could turn a somersault on skiis. He did it once too often and permanently injured his left leg.

The Evansville high school and the Stoughton high school have a basketball game this evening at 7:30 at the Stoughton high school gymnasium.

In Stoughton Churches

Christ Lutheran Church—No morning service. Members are urged to attend the joint service at First Lutheran church. Sunday school and Bible classe at 9:15. Service in the English language at 7:30 Bible Hour in the Norwegian language every Wednesday evening at 7:30. K. M. Fjelstad, Pastor.

Brooklyn High School Will Issue New Paper

BROOKLYN, Wis.—The high school paper, "The Midget," has been printed. This is the first time the Brooklyn high school has had a paper.

The girls and boys had a basketball game with Oregon. The girls of the Oregon team won 2-0 and the boys won 4-2.

The Parent-Teachers' meeting was held Monday night, Jan. 14. The following program was given: Piano duet, Miss A. G. Barton and Miss F. Atherton. Talks by H. A. Miller, Mrs. C. Morgan; music orchestra, Delbert Smith, Bryant Anderson, Donald Burt, Mrs. Philip Wackman, M. L. Mason and Harmon Ellis. Debate—"Resolved, that the sewing machine is more useful to the family than a cow." Those in the affirmative were Mrs. P. Ames and Mrs. L. E. Pennewell. Negative, Dean Smith and George Rasmussen. The judges decided unanimously for the affirmative. Refreshments were served afterwards.

Miss Jessie Tullis spent Sunday at Evansville with her brother, Victor and family.

Philip W. Johnson and M. C. Karmgard went to the hospital last week and are getting along fairly well. Mrs. Johnson has been with her husband for some time.

Read "Rondeau" to Wisconsin Players

"Rondeau" a play by Miss Bertha Ochsner '19, was read before the Wisconsin Players and a group of guests at the regular meeing of the organization in Lathrop parlors last night.

The play conains many clever and amusing lines and is well suied for stage presentation. The three parts were taken by Prof. Gertrude Johnson of the speech department, Miss Ochsner and Miss M. McCarthy. The scenes and stage settings were read by Olivia Orth '24.

Miss Ochsner is here to take part in the Curtain club play to be given Tuesday night.

Guernsey Breeders Meet at Ft. Atkinson Jan. 24

FT. ATKINSON, Wis.—The Guernsey breeders are having a "Red Letter" day Jan. 24. The festivities will start at noon with the annual banquet of the local association. A large program will be held at the James Service hall and the rest of the night will be spent in having a good old fashioned mixer.

Harry Dodge, Fort Atkinson, has been sent by the Meier Creamery Co., to Detroit.

The Jefferson County Holstein-Friesian Breeders' association will hold their annual meeting Jan. 24 at the court house, Jefferson.

Mrs. Jack Clark returned to her home at Kansas City, Mo., Monday after a few weeks' visit with friends.

Miss Hester Krause, Alliance, Neb., left for Delmar to visit friends. She has been spending a few weeks with her mother, Mrs. H. J. Krause, and Rev. and Mrs. A. F. Nicolaus.

Dr. S. H. Weidemann is attending the Chicago Dental clinic.

Mr. and Mrs. Carl Otto, Watertown, well-known throughout the country, celebrated their twenty-fifth wedding anniversary Jan. 12.

The annual meeting of the St. Paul's Lutheran church was held Sunday. The following were elected to serve on the board of trustees for the next three years: Fred Reu, Jacob Smith and Fred Machgan; Paul Bammel was elected president; Robert Guetzlaff, secretary; Henry Henry Schempf, treasurer.

George Caswell severed his connection with the Northwestern Mfg. Co. Jan. 1. He has been with this concern for forty-two years.

A students' service club has been organized at the high school and a good reliable boy or girl will be available to those who telephone to the high school. There are a number of high school boys and girls who desire employment after school.

Miss Anne Lieberman, former Fort Atkinson librarian, is one of the thirty seven Wisconsin students from the Wisconsin Library School, Madison, who has been assigned to various communities beginning Jan. 25.

The City Park has been flooded for ice skating. The river is dangerous because of the making of ice.

The engagement of Miss Leona Westphal to Henry Bergman, Milwaukee, was announced Thursday at a "500" party given in her honor at the home of William Scharf. The hostesses were Mrs. Joe Dietz and Mrs. William Scharf. There were four tables of "500." Miss Marion Westphal received first honor and Mrs. Roy Debcnheimer received consolation. A lunch was served. The decorations were in yellow and white. Those present were: Mmes. Roy Debcreiner, John Blach, Sydney Krumheuer, J. Lough. Misses Florence Hammes, Ruth Ines, Ferol Reynolds, Eva Hartlein, Leona Urban, Martha Daugs, Hazel Dee, Marion and Esther Westphal.

Reports from the various committees of the Service Star Legion showed nearly $200 had been spent for maintaining a bed at the General hospital. The Sunshine club had reached every soldier in the Forest Lawn sanatorium and every soldier in town and 22 plants were presented to the Gold Star mothers at Christmas time. Plans for the work for the coming year were discussed. It was decided to have a public card party at the library auditorium and also a benefit performance at the Crystal. Details will be stated later.

The following Fort Atkinson women attended the installation exercises of the Jefferson W. R. C. Friday at Jefferson, Mrs. S. R. Jones was the installing officer: Mrs. J. H. Pounder, Mrs. Alma Hausz, Mrs. Otto Kuhnert, Mrs. H. Rumeuy, Miss Edith Kunz, Miss Belle Winch, Mrs. B. Beebe, Mrs. L. Hackett, Mrs. M. Moor, Mrs. W. Halfman.

Mrs. J. C. Halloran and baby arrived here Friday from Lancaster to join the husband and father.

Cupid Downs Ex-Grid Star

Miss Leonara Trafford and George Owen.

Yale and Princeton couldn't stop him, but Hymen, the greatest football player of all time, did. George Owen, all-American half, and one of the gratest Harvard athletes of all time, was downed—for the count —by Hymen's flying tackle, and he shortly will be married to Miss Leonora Trafford, daughter of Bernard W. Trafford, of Milton, Mass., who, like Owen, is a former captain of the Harvard eleven.

High Costs Prevent Removal of Snow From County Roads; New Methods Being Sought

Board Refuses to Keep Highways Cleared for Traffic

Snow removal from county and state highways is not practical according to officials of the county and state highway commissions.

There is no method of disposing of the snow after it is removed, unless it is hauled away. This method is not possible in country districts. The Dane county board of supervisors has refused to keep highways near Madison clear because of the expense involved.

Statistics which have been kept by counties interested in the all year roads show that the expense varies greatly. In Kenosha county, the expense per mile was $1.60 for the single storm Dec. 14, 1922. The same storm piled up drifts on Milwaukee county highways that cost $9.94 per mile to clear. These figures covered operating expenses only, but in Milwaukee the roads were cleared from shoulder to shoulder which is not absolutely necessary for travel.

Snowfall is not uniform. In some localities hand labor is necessary. The type of equipment varies considerably. Snow storms sometimes completely paralyze traffic. Local and outside aid lowers the cost for some communities.

Expenses kept for entire seasons in typical counties, according to figures compiled by N. M. Isabella, assistant maintenance engineer of the state highway commission, show that for Kenosha county the cost was $280 per mile; for Ozaukee county $140; Racine county $160; and Milwaukee county $200 per mile. The state highway funds allow each county $350 per mile per year for maintenance so that the above figures would indicate that most of the money would be used for the clearing of snow.

Mr. Isabella, in an article in the Highway Magazine, states that many communities are demanding that expensive highways be kept open throughout the year because such heavy investment as modern roads should not be allowed to be idle for long periods.

"Wisconsin counties have been experimenting with many of the snow removal devices on the market," says Mr. Isabella. "Experience shows that there is still plenty of room for the deevlopment of a speedy, effective and economical snow removal device. Some have tried the large blade grader, propelled by a large tractor; some have used the single blade plows pushed by a truck or tractor, and some have rotary fans. The large 6 foot "V" ploys, 9 feet wide, attached to caterpillar tractors have been used in Milwaukee county. It was demonstrated that this plow with two men can clear snow two to four feet deep at an average of 12 miles per day at an average cost of $3.00 per mile. This does not include overhead and depreciation costs."

Lit Staff Changes

Two Promoted In Reorganization Of Campus Magazine

Following close on the heels of the reorganization of the business management of the Wisconsin Literary magazine comes the announcement by the editors of the promotion of two outstanding contributors to positions of associate editors on the editorial staff. Several appointments have also been made by Carl Hansen '25, newly selected business manager.

Mary Louise Hussong '25, author of "The Bravest of the South," in the November issue and of "Patent Leather Boots Meet Brogans" in the December issue, is one of the new associate editors. She will also act as manuscript clerk, filing, indexing and classifying manuscripts.

Catherine Davis '26, formerly exchange editor on the staff, has been promoted to the position of associate editor also.

Miss Hussong and Miss Davis are authors of short stories which will appear in the January isue. The stories are "Curci Lies in Clover," by Miss Hussong, and "The Curtain," by Miss Davis.

F. W. Christena '25 has been appointed assistant business manager by Business Manager Carl Hansen. Christena has had wide experience in business management. Hansen also announces the appointment of William R. Rorison Jr., '25 as collection manager.

John F. Weimer '25, managing editor, has called a meeting for 4:30 o'clock today of the editorial and business staff to formulate a new policy, so that the "comeback" number of the magazine may surpass any in the history of the publication.

Appears Wednesday

When a new policy is decided upon a conference will be held with Prof. Willard G. Bleyer, chairman of the board of directors. In the meantime Kenneth Fearing and John Weimer, editors, are going ahead with the January issue which will appear next week.

Fearing made the following statement last night concerning recent publicity:

"Yesterday's Cardinal carried a statement from us that was apt to be misleading. The Lit makes no appeal whatsoever for charity from the student body in supporting us; it needs none. The magazine has always maintained a considerable circulation among people who have been more interested in literature than three-ringed circuses. Any attempt the Lit may make toward a broader appeal cannot be in conflict with the demands of our regular readers, to whom the magazine belongs."

OCONTO—Harry H. Burleigh, superintendent of the Oconto Woolen Mills, died at the hospital here following an operation for appendicitis. The remains will be taken to Campbellsport, Can., for burial.

BABCOCK — James Bowde was elected president and A. H. Morse manager at the annual meeting of the Babcock Telephone company.

State of Wisconsin, County Court, Dane County—In Probate.
In Re Estate of JACOB REIBLE, Deceased.

Notice Is Hereby Given, That at the Regular Term of the County Court, to be held in and for said county, at the Court House in the city of Madison, in said County, on the first Tuesday of February, A. D. 1924, there will be heard, considered, examined and adjusted:

The application of John A. Reible, the executor of the estate of Jacob Reible, late of the town of Springfield in said county, deceased, for the settlement of his final account as such executor, which account is now on file in said court, (for the determination of the inheritance tax), for the allowance of claims paid but not presented to the court for allowance and for the assignment of the residue of said estate to those entitled thereto

Dated Jan. 2, 1924.

By the Court,
A. G. ZIMMERMAN,
Judge.

Buell & Lucas, Attorneys.
January 4 doaw 3 wks.—Fri

First insertion Jan. 4; last Feb. 8, 1924

STATE OF WISCONSIN, CIRCUIT COURT FOR DANE COUNTY.
John F. Norton,
Plaintiff,
vs.
John Sachs, Daniel Bilsie, E. Ammon, J. C. Sommers, Albert Pick & Company, a corporation, and Katherine Miller,
Defendants.

NOTICE IS HEREBY GIVEN, that by virtue of and pursuant to a judgment of foreclosure and sale, duly made and entered in the above entitled action in the Circuit Court for Dane County, Wisconsin, on the 16th day of December, 1922, I shall offer for sale and sell for cash to the highest bidder at public auction at the front door of the Dane County Court House on West Main Street in the City of Madison, Wisconsin, on Monday the 18th of February, 1924, at ten o'clock in the forenoon of said day, the following described real estate, situated, lying and being in the County of Dane and State of Wisconsin, to-wit:

Commencing at a point in the center of Milwaukee Street, which is 570 feet North (along the quarter section line) and 907.31 feet East (along the center of Milwaukee Street) from an iron stake at the center of Section; thence North 193 feet to an iron stake; thence East 161 feet to a stake in the center of the highway; thence South 20 degrees West 230 feet along the center of said highway to the center line of road; thence North 60 degrees 45 minutes West 44.03 feet along the center of said highway to a point which is the common intersection of the center of said road with the center line of Fair Oaks Avenue, and the center line of Milwaukee Street, thence West 43 feet along the center of Milwaukee Street to the place of beginning, the whole being part of and lying in the West Half of the Northeast Quarter of Section Five, Town Seven, Range Ten East, and containing Fifty-seven hundredths of an acre of land.

Dated this 3rd day of January, 1924.
JULIUS J. KRUG,
Sheriff.

Kroncke & Southoff,
Attorneys for plaintiff.
J. J. McManamy, Atty. for defendant Bilsie.
January 4 doaw 6 wks. Fri.

◆

A National Scandal

Editor's Note—The following editorial was written yesterday afternoon before the revelations contained in this morning's paper. In this morning's papers the names of A. B. Fall, Secretary of the Navy Denby, Assistant Secretary of the Navy Theodore Roosevelt, Harry Sinclair and Archie Roosevelt are mentioned connected with the scandal The Teapot Dome scandal promises to be one that will jar the nation.

A. B. FALL, an old guard politician, was made secretary of the interior in the Harding administration. He was a "practical business man."

The oil lobby at Washington had succeeded in having naval oil reserves in the west opened for private exploitation,—the Teapot Dome tract among others.

When the bill opening these reserves for private exploitation was before Congress, Senator La Follette fought the measure as one designed to give millions in profits to the oil trust. Senator La Follette voted against the measure. Senator Lenroot voted for it.

* * *

WHEN Congress passed the Teapot Dome measure, the oil magnates were immediately on the ground to get the persimmons. Without ever submitting the matter to bids, Secretary Fall SECRETLY leased the valuable tracts in the Teapot Dome district to Sinclair. It is estimated that the concession granted to Sinclair by Fall was worth $100,000,000. Immediately following the SECRET lease and before the country had ever heard of the transaction, Sinclair securities took a big jump on the New York stock market. The insiders had been let in on the deal.

Prior to the secret deal with Sinclair, Secretary Fall was badly in debt. He was having financial difficulties with his ranch holdings in Mexico. Shortly after the SECRET deal with Sinclair, however, Fall emerged from his financial difficulties.

It now transpires that after the SECRET deal with Sinclair had been concluded Fall came into possession of $100,000 which he says he carried in a tin box to New Mexico. (Strange how a business man would carry that amount of cash. Was he guarding against checks that might prove dangerous in evidence?)

When he was before a senate investigating committee Fall said that he had borrowed the money from E. B. McLean, millionaire Washington newspaper owner and idol of the privileged crowd at Washington. Mr. McLean at that time corroborated Mr. Fall's statement. Now, however, McLean says that Fall didn't borrow the money from him because he returned the checks which McLean had given Fall. They were uncashed.

The senate investigating committee, directed by Senator Walsh, seeks to get at the bottom of the $100,000 matter. Fall and McLean slip quietly out of Washington and Fall registers under an assumed name in a Florida hotel. He is discovered, however, and Senator Walsh decides to go to Florida to get Fall's testimony. Fall, however, refuses to give the testimony.

To date, Fall has refused to tell where he received the $100,000. He is evading the investigating committee at Washington.

What do the American people think of this steal of the resources of the American people? Do the American people now see why Harry Sinclair makes big contributions to the campaign chests of both political parties? Do they not see why the privileged crowd is opposed to GOVERNMENT in BUSINESS but BUSINESS in GOVERNMENT is O. K.?

* * *

SMALL wonder then that Senator Caraway said in the U. S. Senate:

"We are faced with this humiliating situation for the first time in the history of America—and I hope the last time. A cabinet officer betrays the high trust imposed in him and for a corrupt consideration sold the very means by which our national existence is to be protected.

Mr. Fall is in Florida at the same hotel where Mr. McLean is staying, but is registered under an assumed name and charges his expenses to McLean.

And McLean says he did not authorize him to do it, and that he is just loaded on him for that hotel account. Nobody could see Fall except McLean and his lawyers and after Senator Walsh had kindly agreed not to haunt them any further in Florida, Fall came out and said:

"I am not going before that Walsh or any other man. If I ever take a notion to tell where I got the money I will tell."

If the former secretary of the interior had wanted to enter a plea of guilty of having entered into a corrupt consideration for the sale of every gallon of America's reserve naval fuel, he could not have more effectively done it by going before a proper officer and subscribing to an affidavit that he received money from Sinclair and others for the sale—for it is the sale and not the lease—of American oil lands.

For 150 years America has held up as a man beyond whose place of degradation no one could travel; a man known as Benedict Arnold, because in time of war, for reasons which may have appealed, he undertook to sell and convey the little rocky fortress on the Hudson to the British army. He was a traitor because he undertook to sell an American fortification to Britain.

If the people in charge of the American navy are to be believed when they say our very national existence depends upon the navy as the first line of defense; when they tell us we would be lost without the navy, and then sell every drop of reserve fuel for the navy. I ask how much more infamous it is to have sold every gallon of reserve oil than it was for Benedict Arnold to try to sell only a rocky fortress on the Hudson river.

Tip o' the Tongue

BEWARE of the letter "C". Most of all the ills that flesh is heir to owe their origin to three things, all of which begin with "C." They are: Coin, currency and credit. These three furnish the means for most of the luxuries and extravagances.

Walter J. Brenemann, former Federal Fair Price Commissioner, Baltimore.

* * *

THERE are three reasons for the mother-in-law complex, according to our statistics, which showed that mothers-in-law were responsible for most of the difficulties of the 300 couples who came to us for aid. First, no mother thinks any other woman's child is good enough for her own; secondly, a mother frequently sees in the marriage of her child the thwarting of her own plans and ambitions; and, third, where the boy or girl has been a wage earner the mother dislikes sharing her accustomed income with another. Fathers-in-law are usually not vindictive, and more often than not sympathize with the young people and take the attitude of "let 'em alone and it will come out all right."

—Leonard McGee, attorney for the Legal Aid Society of New York.

* * *

ALL thoroughbreds have a lot of sense and personality. Some men are as alike as peas, but I never knew two well bred horses to be alike. They are individual, sincere and courageous. A horse never lies to you.

—Miss Elizabeth Daingerfield, famous breeder of race horses.

SCIENCE

All Individual

What is termed individuality is one of the interesting qualities of all living things. Of all the myriads of creatures that live and have lived on the earth, no two are exactly alike. Offspring are like parents, but they are never entirely similar. A swarm of butterflies will produce another swarm, the members of which, on superficial examination, look like the members of the original group. But still there will always be slight differences, not only from the originals but from each other.

It is difficult to observe the workings of this rule with respect to some of the smallest creatures, but it is easy to see it in people. No two persons are exactly alike and no person is like any other person of the millions who lived before him. What is true of people in the workings of this rule is true of all other living things, plants as well as animals.

105 Miles Per Hour

Speed Tests Made by New Type Electric Locomotive for Riding Qualities.

Speed tests of the new type electric locomotive built by the General Electric company and the American Locomotives company for the Paris Orleans railway have been conducted at Erie, Pa. In order definitely to determine the riding qualities of this locomotive, a large number of runs were made over the 4½ miles of test track at Erie operating at speeds between 100 and 130 kilometers (80.8) per hour. On two trips, speeds of 159 kilometers (99 miles) and 168 kilometers (105 miles) per hour had previously been reached.

The locomotive operated successfully at these high speeds and there was no indication of periodical oscillation or nosing, experts say. The tests included critical observation of both the front and rear of the locomotive, and there was no apparent tendency toward objectionable movements which might have injurious effect upon the track, according to observers. Records were also obtained by means of the otheograph, which would indicate unusual freedom from nosing at high speeds. Examinations of the track after these runs were made showed absence of any detrimental effects.

The commutation of the motors was observed under all operating conditions and reported to be excellent. Other tests included commutation tests with rapidly changing trolley voltage and wheel slipping with and without sand.

Guests were carried in both forward and rear cabs, where they observed the riding qualities of both ends and were able to observe speed indicators and other instruments. Easy riding qualities were noted at high speed on both straight and curved track.

Poems That Live

THE ENCHANTMENT.

I did but look and love awhile,
'Twas but for one half-hour;
Then to resist I had no will,
And now I have no power.

To sigh and wish is all my ease;
Sighs which do heat impart
Enough to melt the coldest ice,
Yet cannot warm your heart.

O would your pity give my heart
One corner of your breast,
'Twould learn of yours the winning art,
And quickly steal the rest.

—Thomas Otway.

The State Press

Interest more than state wide has been aroused in the campaign of the Horicon Marsh Game Protective association and the Horicon chapter of the Isaac Walton league to have the Horicon dam rebuilt and thus restore what once is said to have been the greatest paradise for wild fowl in the northwest.

George N. Wood, for many years an ardent sportsmen and game protection enthusiast, is one of the Wisconsin Rapids men who is cooperating in the movement. Mr. Wood is urging local sportsmen and lovers of wild life to write to Congressman Browne and Senators Lenroot and La Follette, asking them to vote for the Public Shooting Ground and Bird Refuge act now pending before congress, and thus provide for the restoration of Horicon Lake.—**Wisconsin Rapids Tribune.**

* * *

Two or three years ago when Calvin Coolidge, then not president, was booed into silence by impatient race-track crowds before he could finish his speech at the Minnesota state fair, the effete east was loud in its criticism of Gopher Prairie manners, or lack of manners, that permitted such an outburst of impoliteness toward an invited guest of the fair, even though he happened to be merely a vice president.

Now a representative of those crowds which the east thought, with some right, boorish, is elected from a Minnesota farm to the United States Senate. A few nights ago he was a guest and speaker at a banquet of Pennsylvania bankers in Philadelphia. At this affair he sampled their hospitality in the form of hisses and other audible signs of disapproval while he was making his address.

Senator Johnson plugged right on unembarrassed, following the plow in his discourse in farmer-like fashion to the end of the furrow.

Perhaps his audience could have taught him much about economics, but certainly this crowd of sleek gentlemen betrayed themselves on this occasion as inferior in politeness to the wheatfield senator from Minnesota, who was so much derided in recent months for certain homely mannerisms.—**Beloit News.**

* * *

The other morning more than a hundred ducks who had failed to go south, encouraged by the warmth of December, were caught north of the breakwater in the ice floes. Food was furnished them, and later they were able to continue on their way.

It is a very easy matter to keep the birds alive during the intense cold winter weather if the people as a whole will join in an effort to "feed the birds."—**Sheboygan Press-Telegram.**

Natureland

FIVE TON truck loaded with cauliflower that mired in the road on Long Island not far from New York City, was abandoned for the night. Before morning wild deer nearly ate up the cargo.

* * *

THEY found a closed jar in King Tut's tomb. In the jar was castor oil and in the oil was a drowned flea that met with its misfortune 3000 years ago. But it is now a highly distinguished flea and rests in a prominent place at Cairo. Moral: Take your castor oil pleasantly.

* * *

DIRECTLY under the cliffs that wall the red hot crater of Kilanea, mighty Hawaiian volcano, live myriads of the beautiful tropic bird phaeton, white all over with a long tail that contains two red feathers.

* * *

WHERE a big bird flies low you can hear the flap of the wings. But not the owl's. That's because his wing feathers are edged with down. He's a total surprise when he lands on a rat's back with claws that are pointed like needles.

Ridicules Bryan

Support of Florida Man For President Held To Move To Be Elected Delegate.

(From Miami (Fla.) Herald)

Mr. Bryan's announcement of the name of Dr. A. A. Murphree for the democratic nomination for the presidency undoubtedly will be as great an embarrassment to the learned and able college man as it will be a failure in bringing to Mr. Bryan any additional support in his effort to be elected a delegate from Florida.

The sincerest hope will be expressed by many friends of Dr. Murphree that the announcement will not subject him to ridicule. Dr. Murphree has attained high standing in Florida and, as has been said by The Herald, would be an admirable administrator of state government because of his intimacy with state affairs, but none knows better than the doctor himself that he lacks the national acquaintance to make him a successful candidate for the presidency.

This gesture by Mr. Bryan can but lower public opinion as to his poiltical sagacity. The assumption cannot be gainsaid that he is resorting to political legerdermain in order to regain a rapidly slipping foothold in the confidence of the public. **The candidacy of Mr. Bryan for delegate is selfish and it is to be regretted that he has taken so good a man as Dr. Murphee as a doormat to obtain fairly clean footsteps in order to re-enter the door of political opportunity.**

The Little Scorpions' Club

"YOU CHANGED YER MIND ABOUT NOT GITTIN' OUT UV OUR CLUB HOUSE EH!
HE DIDN'T EVEN STOP TO OPEN TH' DOOR
LAST WEEK WHEN THAT TRAMP SPENT THE NIGHT IN THE CLUB HOUSE AND REFUSED TO GET OUT THE CHAIRMAN OF THE HOUSE COMMITTEE PUT EDDIE MC GRUDERS BULL DOG IN THROUGH THE SECRET UNDERGROUND TUNNEL WITH ALMOST IMMEDIATE RESULTS.

A Word on Health

A rising fever
And a sinking sun;
Seek your physician
E'er the damage is done.

All have our faults but each thinks of his superior quality.

It does not matter what they say
About your golf at fifty;
Unless your heart forbids you play,
The game will keep you nifty.

A friend of mine retired at 50. Six months of retirement cured him. Now he is 60 and still going strong.

The right word at the right time in the receptive ear of the impressionable youth may save him years of anguish and broken health.

Health finds welcome in the open, ventilated house and arms her host against despoiling hordes, the brigandage of which makes medical colleges necessary.

It's simply a question of heart—
It isn't a matter of years:
When a duffer at sixty's a "tart"
While another at twenty's in tears.

Blindness from birth is caused by a disease —(opthalmia neonatorum)—a disease that claws at the tender eyes of the new born like a thousand cats, and for which there is certain prevention.

ARRESTS CUT DOWN IN PHILLY

After the first four days of the "clean-up" of Philadelphia ordered by General Butler, director of public safety, the city registered a drop of about 44 percent in Saturday night drunkenness, according to figure obtained in the police stations. Although police figures showed that 1,388 saloons have been closed, 181 persons throughout the city obtained enough liquor Saturday to get themselves arrested. Two persons were arrested Saturday night for driving while intoxicated. On the preceding Saturday night, the last of Mayor Moore's administation, 320 persons were arrested for drunkenness.—**New York Times.**

Just Folks

by Edgar A. Guest

THE LUCK OF AN UNWILLING ORATOR

I wish I would get sick and couldn't go.
I wish a fire would burn the school house down.
I wish we'd have at least ten feet of snow
So people couldn't get around the town.
I wish I'd get a black eye in a fight—
I got to speak a piece tomorrow night.

I wish I'd lose my pants or get 'em torn.
I hope Ma cannot find my shirt or hat
And, having nothing decent to be worn,
She'll say: "I cannot let you go like that!"
But Ma will have my clothes laid out, all right
I got to speak a piece tomorrow night.

Some fellows can get sick and stay away.
Sometimes the school house burns the night before.
Bill Green once broke his leg the very day
He had to speak a piece, and Jimmy Moore
Tore out his Sunday pants right where he sat,
But I don't ever have such luck as that.

Nothing I eat will make me sick today,
I couldn't get a black eye if I tried.
Ma's got my Sunday clothes all put away—
I wish I knew a place where I could hide.
But I'll be there, dressed up and frightened white—

I got to speak a piece tomorrow night.
(Copyright, 1924, by Edgar A. Guest.)

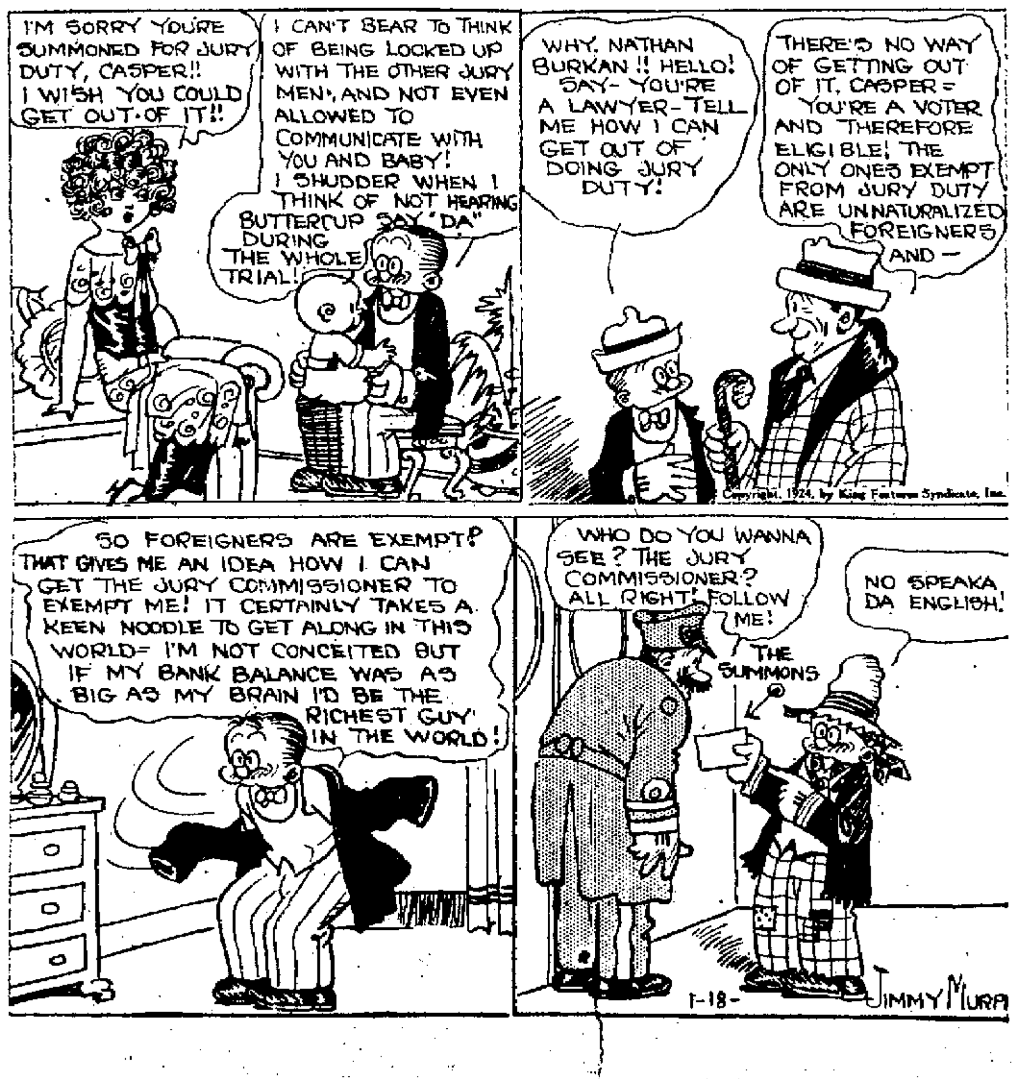
A Thought

Who is this that darkeneth counsel by words without knowledge?—Job. 38:2.

As it is the mark of great minds to say many things in a few words, so it is that of little minds to use many words to say nothing.
—La Rochefoucauld.

Children are fond of cats—so are fleas and vermin. Since certain insects which infest the cat are known carriers of certain diseases, the cat becomes a disseminating host.

TOOTS and CASPER - - by MURPHY



I'M SORRY YOU'RE SUMMONED FOR JURY DUTY, CASPER!! I WISH YOU COULD GET OUT OF IT!!
I CAN'T BEAR TO THINK OF BEING LOCKED UP WITH THE OTHER JURY MEN, AND NOT EVEN ALLOWED TO COMMUNICATE WITH YOU AND BABY! I SHUDDER WHEN I THINK OF NOT HEARING BUTTERCUP SAY "DA" DURING THE WHOLE TRIAL!
WHY, NATHAN BURKAN !! HELLO! SAY- YOU'RE A LAWYER- TELL ME HOW I CAN GET OUT OF DOING JURY DUTY!
THERE'S NO WAY OF GETTING OUT OF IT, CASPER = YOU'RE A VOTER AND THEREFORE ELIGIBLE! THE ONLY ONES EXEMPT FROM JURY DUTY ARE UNNATURALIZED FOREIGNERS AND —
Copyright, 1924, by King Features Syndicate, Inc.
SO FOREIGNERS ARE EXEMPT? THAT GIVES ME AN IDEA HOW I CAN GET THE JURY COMMISSIONER TO EXEMPT ME! IT CERTAINLY TAKES A KEEN NOODLE TO GET ALONG IN THIS WORLD= I'M NOT CONCEITED BUT IF MY BANK BALANCE WAS AS BIG AS MY BRAIN I'D BE THE RICHEST GUY IN THE WORLD!
WHO DO YOU WANNA SEE? THE JURY COMMISSIONER? ALL RIGHT! FOLLOW ME!
THE SUMMONS
NO SPEAKA DA ENGLISH!

TICKS O'THE TIMES

By Penrod

Dear Penrod:

Here is a ballad that may be sung to his Ford by Captain Shine of the Central Fire Station:

I will love you when your headlights are all shattered
I will love you when your top is rent and torn
I will love you when your fenders are all battered,
I will love you when your cotter pins are worn,
I will love you when your spark plugs are all missing,
I will love you when your brakes have ceased to grip;
I will love you when your intake starts to hissing,
I will love you when your clutch begins to slip.
I will love you when your bumper has quit bumping,
I will love you when your tires are soft and flat,
I will love you when your bearings are all thumping,
I will love you when you can't do this or that.
I will love you when your nuts and bolts are falling,
From a frame that's bent entirely out of line.
I will love you when you hear the junk pile calling,
I will love you still, my own dear lizzie mine.

—O. U. KIDD

* * *

Thanks, kid, werry, werry much. For the first time around that's quite the berries. Come again!

* * *

"If it (presidency of the U. S.) were handed to me on a silver platter, with the positive assurance that I could have it, I wouldn't want it."—

—Statement by Cyrus K. Curtis, publisher of Saturday Evening Post, Ladies' Home Journal and Country Gentleman.

Ho, hum! Don't fret yourself, Cyrus. As long as there's a few odd thousand newspaper editors on the job, molding public opinion, you won't have to worry.

* * *

Startling commotion on lower Regent street. Autos jammed hub to hub. Klaxons' screaming. Hoarse voices shout impatient inquiries and imprecations. Women shrieking. Children crying. Mob in anxious frenzy of inquiry surge toward dilapidated figure at side of building. Dilapidated figure that of tattered old soak leaning against wall, head in arms, crying as if heart would break. Fighting our way through mob, we anxiously inquire, "Crying jag?"

"Nothing of the kind," comes in desperate sob, "ss-ss-somebody just called me a scofflaw!"

* * *

Press reports all about "Our Charley", "Hell and Marie" Dawes, tellin' 'em where to head in, get off, etc., in Paris, reminds us of the old song, "He went in like a lion, but came out like a lamb."

School books are full of fanciful lies about the prowess of American soldiers, who, single handed, after countless battlions of foreign nations' troops had failed, stormed breaches in Chinese walls or foiled wily redcoats, or turned tricks on red skins, etc., etc.

The same national trait that makes us gobble up that sort of bull, induces broad, self satisfied smiles at what "Hell and Maria" will do.

We wish him all the success in the world. But we would advise that while he keeps one eye on the press box, he cock the other toward the gang in the Back Room. In other words, if the arms in oratory must outward stretch, at least one shouldn't forget to feel one's once in a while in hip, watch and wallet pockets.

* * *

Although this daily column of rare and delightful humor is hatched some 36 hours before press time, we want to go on record as the first columnist in these here United States to write a quip around "scofflaw."

* * *

The man who would pay 50,000 dollars for the Bok peace plan, and the fellow who would pay 200 dollars for the word "scofflaw" are pretty much in the same class.

* * *

Leo Koretz had a conscience as clear as crystal as compared to the gent who would accept 50,000 dollars for peace plan No. 1492.

* * *

SAY!
If you rode to town every day in a bus
AS I DO.
But one day it didn't come along, so you hopped a street car to keep from being late.
AS I DID.
And not having rode in one for such a long time that the six-cent fares slipped your mind
AS IT DID.
So you dropped a nickle in the box and started to walk on,
AS I DID.
And a young con grabbed your arm and pulled you back
AS HE DID.
And gave you a bawling out for not putting in a penny,
AS HE DID.
Attracting the attention of the whole car and causing many ha-has,
AS HE DID.
Say, wouldn't you wait for the bus after this,
AS I DO?
—Oscar of Lake St.

* * *

Madison theater owners complain that people do not support good pictures. A suggestion is made that a campaign to foster better pictures be organized similar to the one that put across the safe and sane Fourth. The safe and sane Fourth was put across for the good of the kids. But did the kids put it across? Not on your life!

It's easy enough to be all "for" a project that is to reform somebody else. For whose benefit was prohibition? Were they the boys that lobbied at Congress for the 18th amendment? Get the idea?
